ARTICLE I.  INTRODUCTION

SECTION 1.01  AUTHORIZATION

The following Employee Handbook was adopted by the City of Racine Common Council and revised and adopted by the Racine Public Library Board of Trustees pursuant to the authority granted under State Statutes. The Racine Public Library, on the advice of the City of Racine Human Resources Department, shall be responsible for the day-to-day administration of the Employee Handbook; any changes shall be considered by the Racine Public Library Board of Trustees and adopted or amended therein.

SECTION 1.02  COMPLIANCE WITH POLICIES, RULES AND STANDARDS OF CONDUCT

The Racine Public Library has established these policies and its rules of conduct in furtherance of the effective operation of the library and to provide high quality service to all residents of the Racine area, those persons interacting with the library, and visitors. The library expects all employees to demonstrate professional, competent and reasonable behavior, and to continually serve, both on-duty and off-duty, as positive examples of the high quality personnel affiliated with the library and consistent with the high expectations of the public.

The purpose of these policies is also to reduce misunderstanding, promote uniformity of policy throughout the library, and provide employees with a clear outline of benefits and responsibilities. These policies recognize the value of library employees and outline the duties and responsibilities of employees. They are offered to help employees understand what is expected of them in an effort to create a workplace that makes it possible for employees to maximize their potential and achieve professional growth.

Compliance with the policies, rules and general expectations of conduct is important in order to fulfill these objectives. Failure to comply with the policies spelled out herein is taken seriously by the library. Violations of these policies, rules, and general expectations of conduct can subject an employee to discipline, up to and including discharge.

SECTION 1.03  APPLICABILITY

This handbook applies to all employees of the Racine Public Library who are not represented by a union. This handbook also applies to all employees of the Racine Public Library who are represented by a union or who are members of a collective bargaining unit to the extent this handbook is not in conflict with the collective bargaining agreement between the Racine Public Library and such collective bargaining unit. Specifically, as of the date of approval of this handbook, it applies to all employees of the Racine Public Library.
SECTION 1.04  SCOPE

This handbook sets forth employment policy guidelines, rules of conduct and guidance regarding general expectations of professional behavior and conduct which employees are expected to follow.

NONE OF THE STATEMENTS, POLICIES, PROCEDURES, RULES, OR REGULATIONS CONTAINED IN THIS HANDBOOK CONSTITUTE A GUARANTEE OF EMPLOYMENT, A GUARANTEE OF ANY RIGHTS OR BENEFITS, DO NOT CREATE OR GRANT COVERED EMPLOYEES WITH A PROPERTY INTEREST IN THEIR EMPLOYMENT OR TENURE RIGHTS OF ANY KIND AND DOES NOT CONSTITUTE A CONTRACT OF EMPLOYMENT, EXPRESS OR IMPLIED. UNLESS SPECIFICALLY REQUIRED BY STATUTE, ORDINANCE, OR LAW, THE LIBRARY’S EMPLOYMENT RELATIONSHIP WITH EMPLOYEES IS “AT WILL” AND EMPLOYMENT MAY BE TERMINATED AT ANY TIME FOR ANY REASON, WITH OR WITHOUT CAUSE AND WITH OR WITHOUT NOTICE AT THE OPTION OF THE LIBRARY OR THE EMPLOYEE. A CONTRACT BETWEEN AN EMPLOYEE OR GROUP OF EMPLOYEES AND THE LIBRARY SHALL NOT EXIST UNLESS A WRITTEN AGREEMENT BETWEEN THE EMPLOYEE OR GROUP OF EMPLOYEES AND THE LIBRARY HAS BEEN APPROVED BY THE RACINE PUBLIC LIBRARY BOARD OF TRUSTEES AT A DULY NOTICED MEETING.

Notwithstanding anything else contained in this handbook, the Racine Public Library Board of Trustees possess the sole right to operate the Racine Public Library, and all management rights repose in it. The rights retained and exercised by the library board include, but are not limited to, the following:

A. To direct all operations of the Racine Public Library.
B. To maintain efficiency of library operations.
C. To change existing methods or facilities or to introduce new or improved methods or facilities.
D. To hire, promote, transfer, assign, and retain employees in positions with the library and to suspend, demote, discharge, and take other disciplinary actions against employees.
E. To lay off or furlough employees or otherwise relieve employees of their duties due to lack of work, lack of funds, budgetary, or other reason.
F. To establish work rules and schedules for employees.
G. To schedule overtime work as appropriate in the manner most advantageous to the library.
H. To determine the methods, means, facilities, and personnel by which library operations are to be conducted.
I. To contract out for goods or services.
J. To take whatever actions are necessary to comply with Federal, State, or local law.
K. To take whatever actions are necessary to carry out the functions of library operations in emergency situations.
SECTION 1.05  AMENDMENTS

No Employee Handbook can anticipate every circumstance or question about policy. As time goes on, the need may arise to alter, modify, change or eliminate policies described in this handbook. The library reserves the right to revise, supplement or rescind any policies or portion of the Employee Handbook from time to time as it deems appropriate, with or without prior notice. Employees will, of course, be notified of such changes as they occur. Supplements to this handbook will be issued to update or revise present rules or policies as deemed necessary.

SECTION 1.06  CONFLICTING POLICIES

The policies contained in this handbook may cover subjects addressed in other sources, such as collective bargaining agreements, State or Federal laws, or Library Board rules and or policies. Should any provision of this handbook conflict with a valid collective bargaining agreement to which the library is a party, the terms of the collective bargaining agreement shall control to the extent that these policies are in conflict with the terms of the collective bargaining agreement. These policies do not grant any additional benefits over and above or in addition to any employment contract.

Employees should be aware that the library may have policies that supplement these policies. Employees are expected to follow both the policies in this handbook and the library’s policies. This handbook will control to the extent that the handbook policies are in conflict with library policies.

Most employee questions should be answered in this handbook. If there are any questions regarding the handbook or matters that are not covered in it, employees are asked to discuss them either with their supervisor, Department Head, Executive Director, or City of Racine Human Resources Department.

SECTION 1.07  DISTRIBUTION

This Employee Handbook should be distributed to every current and future library employee. Library employees should maintain a current copy of this handbook and become familiar with its contents. Employees shall be required to individually acknowledge receipt of a copy of this handbook by signing and dating the Acknowledgment of Receipt form. A copy of the Employee Handbook will be posted on the library’s intranet.
ARTICLE II. EMPLOYMENT STATUS

SECTION 2.01 EMPLOYMENT CLASSIFICATIONS

An employee is defined as a person who works for the Racine Public Library for compensation in the form of wages and excludes members of any Board appointed by the Mayor and confirmed by the Common Council, and Volunteers. For the purposes of this handbook, employees of the library will be classified as follows:

A. **Regular Full-Time** – This employee is hired into regular full-time position and works a normal shift of 40 hours per week, some including evenings and weekends. This type of employee is entitled to all the usual and normal library benefits as outlined in this handbook.

B. **Regular Part-Time** - This employee is regularly scheduled to work at least 30 hours but fewer than 40 hours per week during a calendar year, some including evenings and weekends. Regular part-time employees are eligible for Wisconsin Retirement System (WRS) benefits, other benefits to which regular employees are entitled to as described in this handbook include Holiday Pay and Health Insurance on a pro-rated basis, calculated on the basis of the number of hours compensated in a 12 month period divided by 2,080.

C. **Other Part-Time** – An employee who works fewer than 30 hours per week on a year-round basis, or who does not work on a year-round basis. This includes, but is not limited to, Temporary Employees, Student Employees, Interns, Professional Substitute Librarians, Library Pages and Limited Term Employees. Other Part-Time Employees are eligible for WRS benefits provided they are scheduled to work a minimum of 1,200 hours per year, or 600 hours per year if hired before July 1, 2011, and are expected to be re-employed for the following year. Other Part-Time Employees scheduled for fewer than fifteen hours per week are not entitled to any other library benefits. Other Part-Time Employees scheduled for at least fifteen hours per week and fewer than thirty (except for Library Pages, Professional Substitute Librarians and returning retirees) are entitled to receive prorated Holiday Pay and Paid Time Off.

D. **Temporary Employees** – Any employee who has been hired on a limited full-time or part-time basis, usually for an indefinite period of time normally extending not more than six months at any one time. This type of employee is not entitled to the normal library benefits except pro-rated holiday pay if the employee regularly works for 30 hours per week or more.

E. **Student Employees** – Any employee who has been hired on a limited full-time or part-time basis, usually for an indefinite period of time normally extending not more than four months at any one time. Student employees can only work one four month period per year. This type of employee is not entitled to the normal library benefits except holiday pay if the employee regularly works for 30 hours per week or more.
F. Interns – Unlike Student Employees, an Intern is a student who can either be in a paid or unpaid status, under the regulations of the Fair Labor Standards (FLSA). Unpaid Interns are not considered employees and are not entitled to benefits. Paid Interns, while considered employees, also are not eligible for normal library benefits.

G. Exempt – An employee whose position meets the overtime exemption tests established by the FLSA and State law. These employees are paid on a salary basis and exempt from overtime pay requirements including compensatory time. This means that exempt employees are not entitled to, and will not receive, overtime pay or compensatory time off. No person who is employed as an exempt employee should assume that their work schedule is limited to 40 hours per week. Executive, administrative, and professional employees as defined in Department of Labor regulations who are paid on a salary basis are exempt from both the minimum wage and overtime provisions of the FLSA.

H. Non-Exempt – An employee whose position does not meet FLSA and State law overtime exemption tests. Non-Exempt employees are paid on an hourly basis and are eligible for overtime pay.

I. Represented – Individuals who are represented by a labor association and covered under a collective bargaining agreement with the library.

J. Non-Represented – Individuals who are not covered by a collective bargaining agreement.

K. Volunteers – Individuals who are not considered library employees and are not entitled to benefits. Volunteers are covered under the City of Racine’s liability insurance policy and worker’s compensation. Status as a volunteer must be accepted by the library.

L. Limited Term Employees – Individuals who work more than 30 hours per week for a period of time less than one year. These employees are entitled to WRS benefits.

M. General Employee – An employee who is not a public safety employee.

An employee may be classified as more than one type of the foregoing categories.
ARTICLE III. EMPLOYMENT POLICIES AND PROCEDURES

SECTION 3.01 EQUAL EMPLOYMENT OPPORTUNITY POLICY

The Racine Public Library is an Equal Opportunity/Affirmative Action employer functioning under an Affirmative Action program. It is and will continue to be the policy of the library that there shall be no discrimination against any employee or applicant for employment because of age, sex, race, color, veteran’s status, disabled veteran’s status, religion, disability or disabilities, national origin, marital status, sexual orientation, familial status, lawful source of income, or economic status, gender, gender identity or expression, or any other protected status. This policy includes, but is not limited to, the following: recruitment and employment, promotion, demotion, transfer, compensation, selection for training including apprenticeship, layoff, termination, and any other coverage that may apply. This policy is consistent with the requirements and objectives as set forth in City of Racine Ordinance No. 62.27. Also, it affirms the library’s commitment to continue to implement all State and Federal laws, executive orders, rules, regulations, and policies that apply to Equal Employment Opportunity/Affirmative Action, as set out in Title VII of the Civil Rights Act of 1964 and other applicable law.

Supervisors and managers shall ensure that the provisions of this policy are met. It is also the duty of every employee to help create a job environment that promotes equal opportunity. Any incident or situation that is believed to violate this policy should be brought to the attention of the Executive Director or the City of Racine’s Affirmative Action Officer. Anyone found to have engaged in any violation of this policy, or to have retaliated against anyone for reporting discrimination or for cooperating with an investigation, will be subject to disciplinary action, up to and including termination.

Gender Identity and Expression

- No medical documentation is required for an applicant or an employee to disclose their sincerely held belief about their gender identity or expression.

Records

- Official Personnel File should reflect the employee’s legal name. The employee may request to be referred to by their preferred or chosen name.
- Employers can require legal documentation to change information in official records, but day to day, employers should utilize and reinforce use of the employee’s chosen name.

• Managers may not discuss the employee who is transitioning except with the director and Human Resources Director
• This is all kept confidential

Honoring Expressed Gender Identity
• Notification of transgender status should be submitted to the employee’s supervisor, director, or Human Resources Director
• No other employee has a right or need to know

SECTION 3.02 ANTI-HARASSMENT & RETALIATION POLICY

It is the policy of the Racine Public Library that all employees have the right to work in an environment free of all forms of harassment and retaliation. The Racine Public Library will not tolerate, condone, or allow harassment or retaliation by any employee or non-employee who conducts business with the library. The Racine Public Library considers harassment, discrimination and retaliation of others to be a serious form of employee misconduct. Therefore, the library shall take direct and immediate action to prevent such behavior and to remedy all reported instances of harassment, discrimination and retaliation. A violation of this library policy can lead to discipline up to and including termination. This also applies to repeated violations, even if “minor,” resulting in greater levels of discipline as appropriate.
A. Definitions:

1. Harassment – Harassment on any basis (race, sex, age, disability, marital status, arrest record, gender, gender identity or expression, etc.) exists whenever submission to harassing conduct, whether explicitly or implicitly, is a condition of employment; submission to or rejection of such conduct is used as the basis for an employment decision affecting an individual; and, such conduct interferes with an employee’s work or creates an intimidating, hostile, or offensive work environment.

2. Hostile Work Environment – Workplace conditions or harassment by co-workers, managers, supervisors, etc. under which employees cannot perform their job without feeling harassed or threatened. A hostile work environment may consist of but is not limited to:
   a. Verbal abuse and/or derogatory comments for whatever reason;
   b. Displaying derogatory or offensive materials;
   c. Physical contact, intimidation or violence against an employee;
   d. Vulgar or lewd jokes;
   e. Horseplay, pranks, passive aggressive acts or other such action;
   f. Disparate treatment of employees without a reasonable basis; and,
   g. Imposition or enforcement of unreasonable work rules for the sole purpose of exerting power over them.

3. Verbal Harassment
   a. Sexual innuendoes, degrading or suggestive comments;
   b. Repeated requests for dates or unwelcome sexual flirtations;
   c. Jokes of a sexual nature;
   d. Degrading words used to describe an individual;
   e. Obscene and/or graphic descriptions of an individual’s body; and,
   f. Threats that job, wages, assignments, etc. could be affected if the individual does not agree to a suggested sexual relationship.

4. Non-verbal Harassment
   a. Sexually suggestive or offensive objects or pictures;
   b. Inappropriate usage of voicemail, e-mail, the internet or other such forms of communication as a means to express or obtain sexual material or comments;
   c. Printed or written materials including offensive cartoons, suggestive or offensive sounds, whistling, catcalls or obscene gestures; and,
   d. Treating an employee differently than other employees when they have refused an offer of sexual relations.
5. Physical Harassment – Unwelcome or unwelcome physical contact of a sexual nature, which may include touching, hugging, massages, kissing, pinching, patting, or regularly brushing against the body of another person.

6. Unwelcome – Sexual conduct is unwelcome whenever the person subjected to it considers it unwelcome, even if the victim voluntarily engages in or permits it to avoid adverse treatment.

7. Retaliation – Any adverse action taken against an employee or job applicant because of protected conduct, such as filing a harassment or discrimination complaint, participating in an investigation of such a complaint, or requesting a protected leave of absence or reasonable accommodation.

B. Prohibited Activity and Responsibility:

1. Sexual Harassment – The library protects males, females, transgender men, transgender females, gender non-binary, and gender non-conforming employees from sexual harassment by prohibiting unwelcome sexual advances, requests for sexual favors, and other physical, verbal or visual conduct based on sex as defined in Section A above.

2. Harassment – Any form of unwelcome conduct, whether verbal, physical, or visual, that is based on a person’s protected status, including sex, color, race, ancestry, religion, national origin, age, physical handicap, disability, marital status, sexual orientation, arrest record, gender, gender identity or expression, or any other protected status or characteristic defined by State or Federal law. Harassment that is based on a person’s protected class, as defined in Section 3.01 above, will be considered misconduct subject to disciplinary action by the library.

3. Retaliation – Generally, any materially adverse action taken against an employee or applicant “because of” protected conduct is prohibited. “Protected conduct” means opposing a practice made unlawful by an applicable employment discrimination statute or filing a charge, testifying, assisting, or participating in any manner in an investigation, proceeding, or hearing under such applicable statute. The scope of retaliation goes beyond workplace-related or employment-related actions and includes conduct that would dissuade a reasonable worker from making or supporting a charge of discrimination. The significance of any given act of retaliation may depend upon the particular circumstances, but must be considered “materially adverse,” thus separating significant from trivial harms that normally will not deter discrimination victims from filing a complaint. Examples of conduct that may be considered retaliation include:
   a. Discharge;
   b. Demotion or not promoting;
   c. Reduction in pay;
d. Reassignment of job duties;

e. Significantly diminishing an employee’s responsibilities;

f. Unwarranted negative performance evaluations;

g. Increased scrutiny of an employee’s work; and,

h. Isolating or shunning an employee.

Any employee who believes that they are being retaliated against shall report the incident(s) as soon as possible to their supervisor so that steps may be taken to protect the employee. Where it is not practical to do so, the employee may instead file a complaint with another supervisor, the Executive Director, Library Board President, or the City of Racine Human Resources Department. Evidence of retaliation is considered a separate violation of this policy and is subject to discipline up to and including termination.

4. Supervisory Responsibilities – Each supervisor shall be responsible for preventing harassment, discrimination, and retaliation by:

a. Monitoring the work environment on a daily basis for signs of harassment or retaliation;

b. Training and counseling all employees on what constitutes harassment, sexual harassment, and retaliation, types of prohibited conduct, and how to file a complaint;

c. Intervening if an incident of harassment, sexual harassment, or retaliation is observed, even if it occurs outside their line of supervision; and,

d. Taking immediate action to prevent retaliation towards the complaining party or witnesses and to eliminate the hostile work environment where there has been a complaint of harassment, pending an investigation.

5. Employee Responsibilities – Each employee is responsible for assisting in the prevention of harassment and retaliation by the following acts:

a. Refraining from participation in actions that could be perceived as harassment or retaliation;

b. Reporting acts of harassment or retaliation to a supervisor; and,

c. Encouraging any employee who confides that they are being harassed, discriminated against, or retaliated against to report these acts to a supervisor.

Failure of any employee to carry out the above responsibilities will be considered in any performance evaluation or promotional decisions and may be grounds for discipline.

6. Complaint Procedures – The Racine Public Library is committed to maintaining a workplace free of illegal discrimination, harassment, and retaliation. The library cannot prevent or stop harassment or retaliation of which it is unaware. Therefore, the following actions are required:
a. Any employee encountering harassment or retaliation is encouraged, but not required, to inform the offending person verbally or in writing that their actions are unwelcome and offensive;
b. Any employee who has unsuccessfully attempted to terminate the harassment or retaliation by their own means and believes that they are being harassed shall report the incident(s) as soon as possible to their supervisor so that steps may be taken to protect the employee from further harassment or retaliation;
c. The supervisor or other person to whom a complaint is given shall meet with the employee and document the incident(s) complained of, the person(s) performing or participating in the harassment or retaliation, any witnesses to the incident(s) and the date(s) on which the incident(s) occurred;
d. An employee should utilize the library’s internal reporting procedure first, but if after utilizing this procedure the complainant does not feel the complaint has been adequately addressed, the employee may file a complaint with either the State of Wisconsin-Equal Rights Division or the Equal Employment Opportunity Commission, or both;
e. The internal investigation authority shall be responsible for investigating any complaint alleging harassment, discrimination or retaliation;
f. There shall be no retaliation against any employee for filing a harassment or discrimination complaint, or for assisting, testifying or participating in the investigation of such a complaint;
g. The complaining party’s confidentiality will be maintained throughout the investigatory process to the extent practical and appropriate under the circumstances; and,
h. Employees accused of harassment and/or retaliation may file a grievance/appeal in accordance with library procedures when they disagree with the investigation or disposition of a harassment or retaliation claim.

**SECTION 3.03 REASONABLE ACCOMMODATION POLICIES**

The Racine Public Library is committed to complying with all the relevant and applicable provisions of the Americans with Disabilities Act (ADA) and State law. The library will make reasonable accommodation wherever necessary for all employees or applicants with disabilities, provided that the individual is otherwise qualified to safely perform the essential duties and assignments connected with the job and provided that any accommodations made do not impose an undue hardship on the library.

A. **Title I**: In compliance with the Americans With Disabilities Act of 1990, the Rehabilitation Act of 1973, the ADA Amendments Act of 2008, and the Wisconsin Fair Employment Act, the Racine Public Library prohibits discrimination against qualified individuals with disabilities in all employment practices, including job application procedures, hiring, firing, advancement, compensation, training, and other terms,
conditions, and privileges of employment. The library is committed to providing accommodations for eligible employees and applicants with documented disabilities.

1. Job Application Process

   a) All applicants for library positions must have accessibility to all steps in the selection process and are protected from disability-related questions that could potentially screen them out of the application process. Reasonable accommodation will be provided to qualified applicants during the selection process, which may include supplying an interpreter or reader, to ensure that all applicants have accessibility to all phases of the process.

   b) Pre-offer physicals are prohibited by the library, as are inquiries regarding the existence of an applicant’s disability or the nature and severity of the disability. After an offer of employment has been extended, it may be conditioned on the results of a medical examination. The information received during a medical exam will be held confidential, but a supervisor must be told of any restrictions or necessary accommodations. If the existence of a disability is revealed during the medical exam, an offer of employment may not be withdrawn unless the reason is job related and consistent with business necessity and no reasonable accommodation can be made, or the disability poses a direct threat to the health and safety of the applicant, other employees or the general public, and which cannot be eliminated by reasonable accommodation.

   c) The library is committed to making reasonable accommodation in the application process, job duties, and the work environment in compliance with equal employment opportunity, as long as such accommodations do not constitute an undue hardship on the library.

   d) If an applicant or employee believes they have been discriminated against in employment on the basis of a disability, they may file a complaint through the library’s harassment complaint procedure, or they may file a formal complaint with the Wisconsin Equal Rights Division of the Department of Workforce Development and/or the Federal Equal Employment Opportunity Commission.

2. Procedure for Requesting an Accommodation

   a) An employee who believes that they need a reasonable accommodation to perform an essential function of their job should make that request through their direct supervisor, the Executive Director, the ADA Coordinator or City of Racine Human Resources Manager.

   b) When a request for accommodation is received by the supervisor or when it is apparent that a reasonable accommodation may enable a disabled individual to perform the essential functions of the position, the employee will be directed to
submit a "Reasonable Accommodation Request Form" with appropriate
supporting documentation to their direct supervisor, the Executive Director and
the City of Racine Human Resources Manager for consideration.

c) All requests for accommodation shall be responded to in a timely fashion after
the supervisor has engaged in the "interactive process" with the employee
requesting the accommodation.

d) The library reviews all requests for accommodation on a case by case basis and
may provide a reasonable accommodation that allows the qualified individual
with a disability to achieve the same level of job performance as other similarly
skilled employees. The library is not obligated to provide an accommodation
that causes an undue hardship on the library.

e) All requests and documentation will be kept confidential and in a separate file.

3. Definitions

   a) “Disability” as defined under the Americans With Disabilities Act of 1990: A
      qualified individual who has a physical or mental impairment that substantially
      limits one or more major life activities;
   b) “Disability” as defined under the Wisconsin Fair Employment Act: A physical
      or mental impairment that makes achievement unusually difficult or limits the
      capacity to work;
   c) Direct Threat to Safety: A significant risk to the health or safety of the
      individual or others that cannot be eliminated by reasonable accommodation;
   d) Essential Job Function: Those activities of a job that are the core to performing
      the position and that cannot be modified;
   e) Interactive Process: The process by which an agent of the employer and
      individual requesting accommodation engage in, to discuss physical or mental
      abilities and limitations as they relate to the job’s essential functions and to
      determine possible job accommodations;
   f) Major Life Activities: Caring for one’s self, walking, sitting, standing, speaking,
      etc.;
   g) Qualified Individual with a Disability: A person who meets legitimate skill,
      experience, or other requirements of the position that they hold, and who can
      perform the essential functions of the position with or without reasonable
      accommodation;
   h) Reasonable Accommodation: Any modification or adjustment to a job or the
      work environment, such as job restructuring, modifying tests, modifying
      equipment, etc., that will enable an employee with a disability to perform the
      essential job functions; and,
   i) Undue Hardship: An action that is excessively costly, extensive, substantial, or
      disruptive or that would fundamentally alter the nature or operation of the
      business.
B. **Title II:** It is the policy of the library to ensure that all citizens have an equal opportunity to participate in and receive the benefits of the services, programs, or activities of the library. The library is required to ensure all programs and activities are accessible, but is not required to make each and every facility accessible as long as all programs are readily accessible. There are several means by which the library can make its programs readily accessible to, and usable by, disabled individuals, including redesigning equipment, reassigning services or programs to alternative, accessible buildings, and altering existing facilities or building new facilities.

**SECTION 3.04 JOB POSTINGS**

Any job vacancy due to retirement, quit, death, new position or for whatever reason that the library decides to fill may be announced and posted in each department as the Executive Director and City of Racine Human Resources Department deems appropriate, and advertised in the local media, the internet, and any other sources likely to yield qualified candidates. The posting shall set forth the job title, duties and qualifications desired, rate of pay, work location or assignment, shift, place and manner of making applications, closing date for receiving applications, and other pertinent information. The library attempts to select applicants to fill vacancies who are best suited for the position as determined by their character as well as their qualifications in keeping with our Affirmative Action program. When it is in the interests of the library, the library may attempt to fill the position from within the organization, though external candidates may also be considered. However, there is no requirement that positions are filled from within or that internal candidates are considered before considering external candidates.

**SECTION 3.05 PHYSICAL EXAMINATIONS**

All full-time regular employees must pass a physical examination and a five panel drug test before they can begin her or his employment with the library. The pre-employment physical will be given by a physician of the library’s choosing and is intended to measure the individual’s physical capabilities in terms of the job to be performed. The library will provide the examination at no expense to the prospective employee. An employee may have this examination waived by providing recent and appropriate physical examination results from their private physician. This will be done at the employee’s own expense.

Part-time or temporary employees are required to complete an Affidavit of Health form supplied by the City of Racine Human Resources Department. The library reserves the right to require a pre-employment physical examination to the same extent as required for regular full-time employees and/or re-evaluate any employee’s physical condition at any time as it relates to their job assignments.
SECTION 3.06  FITNESS FOR DUTY

A department head may request a medical or psychological evaluation when: (1) an employee’s conduct creates a reasonable belief that a threat to the health or safety of the employee, co-workers, the public, or to library property, exists; or (2) there is objective evidence that the employee cannot effectively perform the essential job functions of their position. An appointment will be scheduled with a physician/psychologist upon agreement by the employee to attend an evaluation.

Employees who cooperate in attending a “Fitness for Duty” evaluation will be placed on administrative leave, until such time as the report of results is received from the physician, recommendations are reviewed, and work or leave status is re-evaluated. There will be no cost to the employee for the evaluation or any other evaluations or tests that the physician or psychologist may recommend. Employees will be required to sign a release to grant the physician or psychologist access to the employee’s medical records. Results of the exam will be forwarded to the City of Racine Human Resources Department and will be reviewed with the department in question only as necessary. The information will be treated with the highest degree of confidentiality, and a copy of the report will remain in a confidential medical file within the City of Racine Human Resources Department. A copy of the report will be made available to the employee upon request to the City of Racine Human Resources Department. The employee will have the option to present this report to their personal physician(s) for review and rebuttal, if the employee does not agree with the opinion.

If an employee chooses not to attend a library authorized “Fitness for Duty” evaluation, the employee will either be placed on sick leave or leave without pay status until the employee provides medical documentation from their personal physician/psychiatrist at their own expense that states that the concerns noted by the employee’s department have been reviewed, the essential functions of the employee’s position have been reviewed, and that the employee is ‘fit for duty’ and does not pose a threat to one’s self or someone else. The library maintains the right to request a second opinion and have the employee sign a release granting full access to the employee’s medical records.

SECTION 3.07  TESTING

The library reserves the right to establish reasonable testing procedures to be used to determine the ability of the employee to do the essential duties of the job. For internal candidates applying for a promotion, lateral pay grade job, or lower-paying position, they shall be required to test for all openings except when the employee has already taken and passed the test(s) required for the position within the previous four years. There shall be no re-taking of any failed test unless it is for a new or re-posted position. Once a candidate begins a test, there is no stopping for any reason, and requests to re-take a test will not be granted. Racine County Workforce Development Center will be the official testing agency for most tests required for Racine Public Library jobs.
SECTION 3.08  POLYGRAPH TESTING

Except for limited exceptions, the Racine Public Library prohibits the use of a lie detector test on applicants for employment and employees. Per Statute 111.37 (2), the following are strictly prohibited:

1. Requiring, requesting, suggesting, or causing an employee or applicant to take a lie detector test;
2. Using, accepting, referring to or inquiring about the results of a lie detector test; and,
3. Discharging, disciplining, discriminating against or denying employment or promotion to, or threatening to take any such action against an employee or applicant who refuses, declines or fails to take a lie detector test, on the basis of the results of a lie detector test, or for filing a complaint or instituting a proceeding, testifying in a proceeding or exercising any rights under the statute.

The City may conduct a lie detector test under the following limited exceptions (unless an analysis of a polygraph test chart is used or a refusal to take a polygraph test is used as the sole basis upon which an adverse employment action is taken against an employee or applicant):

1. The test is administered in connection with an ongoing investigation involving economic loss or injury to the City (i.e., theft, embezzlement, etc.) and the employee has access to the property and there is reasonable suspicion to believe that the employee was involved in the incident or activity under investigation;
2. The applicant for employment is a prospective employee for the Police Department.
3. If the City protects any of the following:
   a) facilities, materials of operations that have a significant impact on public health, safety or welfare of this state or the national security of the United States, including facilities engaged in the production, transmission or distribution of electric power;
   b) public water supply facilities;
   c) shipments or storage of radioactive or other toxic waste materials;
   d) public transportation; and,
   e) currency, negotiable securities, precious commodities or instruments and proprietary information.
4. If the test is administered to an applicant who would have direct access to the manufacture, storage, distribution or sale of a controlled substance or to a current employee if the test is administered in connection with an ongoing investigation of criminal or other misconduct that involves loss or injury to the manufacture, distribution or dispensing of the controlled substance by the City and the employee had access to the person or property that is the subject of the investigation.

SECTION 3.09  RESIDENCY REQUIREMENT
The Racine Public Library has no residency requirement for employees.

SECTION 3.10   BACKGROUND CHECKS

Prospective employees of the Racine Public Library may be subject to a background check. Depending on the nature of the position and the applicants applying for the position, the library may conduct varying levels of background screening to determine whether candidates for employment, promotion, assignment or transfer are suitable for the position they desire to obtain. Information that may be obtained or requested includes information relating to references, past employment, work habits, education, judgments, liens, criminal background and offenses, character general, reputation and driving records. The library may also obtain information from a consumer reporting agency. Before denying an extension, assignment, promotion, or other benefit of employment, based in whole or in part on information obtained in the consumer credit report, the library will provide a copy of the report and a description in writing of the applicant’s rights under the Fair Credit Reporting Act.

As part of the application process, new applicants seeking employment will be required to sign an employment application that constitutes the employee’s full waiver and release of any liability related to the background investigation. The application form also notifies the applicant that any false statements may be grounds for not employing, or for dismissing, the applicant after beginning employment. Applicants who refuse to sign the employment application will not be considered for employment.

SECTION 3.11   NEPOTISM POLICY

It is the library’s policy that relatives of persons employed by the library may be hired, promoted, assigned or transferred into positions only if they will not be working for or supervising a relative. This policy will be broadly interpreted in a manner that addresses the issue of inequitable consideration in decisions concerning work assignments, transfer opportunities, performance evaluations, promotions, demotions, disciplinary actions, and discharge. For the purpose of this policy, a relative is defined as spouse, domestic partner, parent, grandparent, child, brother, sister, brother-in-law, sister-in-law, father-in-law, mother-in-law, stepparent, stepbrother, stepsister, stepchild, aunt, uncle, niece, or nephew. A supervisor is defined under this policy as a person who directs, or has authority to direct, the activities of, or has the authority to effectively recommend the hiring, promotion, transfer, discipline, or discharge of, employees under their purview.

SECTION 3.12   REHIRING FORMER EMPLOYEES
Former employees may be considered for re-employment on a full-time or part-time basis for approved/budgeted open positions under the following general provisions:

1. Employees who have performed satisfactorily and who have terminated their employment under favorable circumstances with the library may be rehired. However, the library is under no obligation to rehire any former employee who voluntarily resigned from their position or who was administratively separated due to the end of a temporary or seasonal assignment, unless otherwise provided.

2. The library does not re-employ employees who were terminated for cause or who resign involuntarily. Records of former employees who were terminated involuntarily, however, will be reviewed by the Executive Director and the City of Racine Human Resources to determine the circumstances of the termination.

3. Regular full-time employees who are rehired shall not receive credit for previous library service for either promotional or layoff purposes unless otherwise provided within this handbook.

4. Former employees who are being considered for reinstatement will be required to take a pre-employment physical and undergo background and reference checks that are similar to those required for new employees.

SECTION 3.13 PROMOTIONS

In most cases, when position vacancies exist above the entrance level, they shall be posted on the bulletin board in the library staff room and on the bulletin board outside the City of Racine Human Resources Department at City Hall and announcements of such vacancies shall also be sent to all departments as the City of Racine Human Resources Department deems appropriate for posting. Employees wishing to be considered for a vacancy must contact the City of Racine Human Resources Department within the prescribed time limits set for a particular opening and must submit a current résumé. In order to be considered qualified for a promotion, the performance evaluation from the employee’s most recent evaluation period must indicate that the employee’s performance was satisfactory or better.

Notwithstanding anything else contained herein, employees who post or transfer to an equal- or lower-paying position shall be required to remain in said position for a period of 18 months if awarded said position. It should also be noted that some jobs by their nature may require employees to remain in the job for an extended period of time up to three years before transferring. New employees during their first six months of employment are precluded from applying for another position.

SECTION 3.14 SHORT-TERM TEMPORARY ASSIGNMENTS
The Executive Director or their designee shall have the right to make temporary changes on a
day-to-day basis in the assignment of personnel within and between all departments or divisions
under the jurisdiction of the Executive Director. Employees, upon proper notification when
possible, shall immediately report to the reassigned temporary position and thereafter perform
the work shift of that division for the duration of the reassignment. In the event an employee is
temporarily assigned to a lower-pay rated job, they shall continue to receive the pay rate of their
regular job. If an employee is temporarily assigned to a higher pay rated job for eight continuous
work hours or more, they shall receive the rate of pay of the incumbent in the position so
assigned or 10% more than their current rate of pay, whichever is less, except when the
employee is being trained. An employee will continue to earn their current rate of pay until
trained and determined to be qualified by the Executive Director (or their designee) at such time
they shall then receive the lesser of the two higher rates.

SECTION 3.15 PERFORMANCE EVALUATIONS

Annual performance evaluation reports shall be part of any performance evaluation program to
assist in assessing work effectiveness, to suggest constructive action for improvement, and to
provide feedback in areas of performance. Performance evaluation reports shall be conducted by
an employee’s supervisor and a copy shall be placed in the employee’s City of Racine Human
Resources personnel file. Performance evaluation reports shall be considered in the decisions
affecting placement, employee status, salary adjustments, promotions, demotions, dismissal, re-
employment, training, and other job related actions.

Some of the job factors that are reviewed include: accuracy, quality of work, quantity of work,
dependability, adaptability, job knowledge, organization, judgment, initiative, cooperation,
ability to get along with others, attitude and attendance. It is the employee’s responsibility to
improve their performance. The practices for departments or positions for the evaluation process
may vary. Employees receiving a poor performance evaluation shall be put on a Performance
Improvement Plan by the employee’s supervisor.

SECTION 3.16 LAYOFF/BUMPING/RECALL

A. Layoff: The library, in its discretion, shall determine whether layoffs are necessary. The
library may lay off an employee because of shortage of funds, shortage of work,
discontinuance of services, changes in organizational unit, or for any other reasons, which do
not reflect discredit on the service of the employee. Duties performed by laid off employees
may be reassigned to other employees already working or holding positions in appropriate
job classifications.

B. Bumping: In any situation where an employee is displaced as a result of job elimination,
budget reduction, layoff or for any other reason, the affected employee may exercise their
seniority in the following manner:
1. The employee may bump a less senior employee in the employee’s own immediate department/division if they have the minimal objective qualifications to perform the job and the Executive Director approves the bump.

2. The Executive Director shall consider the following factors, in consultation with the City of Racine Human Resources Manager, in making their determination to approve the bump, in order of their delineation: seniority; the effect of the bump on the operation of the department; previous evaluations of the employees’ affected; and the employees’ respective educational backgrounds. No one factor shall be conclusive. Notwithstanding anything else contained herein, no employee with a poor performance evaluation from the employee’s most recent evaluation period shall be qualified to bump. There shall be no appeal from the decision of the Executive Director.

3. The employee successfully completes an examination, if any has been established for the position, and the exam is determined by the Executive Director and the City of Racine Human Resources Manager to be necessary to establish the employee’s ability to perform the duties of the new position.

4. The Executive Director may request a physical examination from a physician of the library’s choosing to evaluate an employee’s physical ability to perform the necessary job tasks.

5. For purposes of layoff and bumping, only as it relates to this section, departmental seniority shall be defined as that time of continuous service performed under the same administrative manager organizational structure.

6. If at any time the department head determines that performance is unsatisfactory, said employee shall be placed on layoff status. The decision by the employer not to retain an employee shall be final. However, such terminated employee shall retain recall privileges.

7. Employees whose positions are being eliminated, or an employee being displaced, shall be given written notice of the action not less than seven calendar days prior to the effective date. Employees shall have forty-eight hours after receiving notice to exercise whatever options may be available to them. If a decision is not made within the 48-hour period, said employee shall be deemed to have been laid off by the library.

8. An employee who displaces into a position in an equal or lower job classification shall be placed at the salary step which most closely corresponds to, but does not exceed, the employee’s salary at the time of displacement.

9. The Executive Director shall not be displaced by the provisions contained herein.
10. Employees serving on a limited term, temporary, or an initial probationary period, shall be terminated without displacement or recall rights should they be displaced or laid off.

C. Recall Provisions:

1. Employees who are laid off or displaced shall be placed on a recall list for a period equal to their seniority but no more than eighteen months maximum, after which time all recall rights are terminated. Should a vacancy occur in a position authorized to be filled from which an employee was laid off or displaced, said employee shall be recalled in order of their departmental seniority. Should a new position be created from which no employee was laid off, employees on a recall list may apply for the position, but the library retains sole discretion in selecting the candidate from either the recall list or outside sources.

2. Employees to be recalled shall be notified by mail addressed to the most recent address appearing on the City of Racine Human Resources Department’s records. Laid off employees shall notify the City of Racine Human Resources Department of any change of address. Employees so recalled shall notify the library of their acceptance or rejection within seven calendar days of the date of the recall letter and report for work within 10 calendar days from the date of the recall letter. Failure to notify, or failure to report, or the refusal of an offer of re-employment shall terminate an employee’s right to recall.

3. An employee on layoff status shall not lose credit for seniority accumulated at the time of layoff nor shall continuous service be considered interrupted if the employee is recalled within eighteen months of layoff. An employee recalled within 18 months of layoff shall be credited with sick leave accumulated as of the date of layoff.

4. Employees shall be granted the option of remaining in the group health insurance plan in accordance with the COBRA Act of 1986 from the effective date of layoff (according to policy provisions) provided the employee pays to the City of Racine (which provides the health insurance) the full premium. Employees shall be granted the option to remain in the group life insurance plan based on salary for up to 18 months from the effective date of layoff, provided the employee pays the full premium.

SECTION 3.17 FURLoughs

Voluntary or mandatory employee furloughs involve placing employees in temporary non-duty, non-pay status for budgetary reasons as authorized by the Library Board. A furlough differs from a normal layoff in that employees continue to work on a fairly regular basis, with the library or individual departments scheduling employees to have certain days off. For example, a
library department may elect to furlough a non-exempt employee by asking or requiring him/her to take off one or more days without pay.

SECTION 3.18 SEPARATION FROM EMPLOYMENT

A. Categories of Separation:

1. Resignation with Notice is a voluntary permanent separation initiated by the employee. It is required that an employee give a minimum of a two working week written notification to their supervisor and the City of Racine Human Resources Department prior to leaving library employment. The employee will be paid all proper compensation up to their final day of employment. In addition, the library will pay any accrued but unused vacation on a pro-rata basis and compensatory/overtime. Failure to provide the proper notification will result in a prorated vacation severance payment and the loss of consideration in future employment opportunities with the Racine Public Library. Library employees resigning at the start of the new year must work at least one day in the new year to receive a vacation severance payment. The library reserves its right to terminate the employee before that date.

2. Retirement is separation from employment with the library, either with or without notice, under the provisions of the Wisconsin Retirement System (WRS). As of January 1, 2013, employees who retire with a two week working notice, or on disability, shall be entitled to a sum equal to fifty percent (50%) of their daily wage for each of the first one hundred and forty (140) days of accumulated paid sick leave days to their credit.

3. Total Disability is separation from employment with the library due to total physical or mental impairment, under the provisions of the WRS. The library will pay any accrued but unused vacation and compensatory time/overtime as provided by the terms of this manual.

4. In case of the death of the employee, the employee’s estate may be eligible to receive earned but unused vacation, sick leave and compensation time/overtime as provided by the terms of this manual.

5. Resignation without Notice is a voluntary permanent separation initiated by the employee without providing a written two week notice prior to leaving. The employee will be paid all proper compensation up to their final day of employment, but the employee will only receive severance benefits of pro-rated vacation and any unpaid compensation time/overtime. The library reserves the right to terminate the employee before that date.
6. Discharge is a permanent separation initiated by the library due to unsatisfactory work performance or misconduct including violations of the work rules. A department head or supervisor shall not terminate an employment relationship prior to consulting with the City of Racine Human Resources Manager or the City Attorney. The employee will be paid all proper compensation up to their final day of employment and any accrued but unused vacation.

7. Layoff can be a temporary or permanent severance of the employee’s position with the library due to a reduction in the work force. Employees who are laid off shall receive, as a severance gratuity, pay equal to the amount of vacation time they would be entitled to in the calendar year. If recalled in that same year, the employee would not be eligible for vacation for that year. Employees recalled subsequent to the calendar year they are laid-off would receive pro-rated vacation based on their years of service and the number of full months worked in such subsequent year. Accrued sick leave will be retained, but no further accumulation will be allowed during the period of layoff.

8. A Furlough is not a severance of the employee’s position or a separation from employment.

B. Final Paycheck:

Every effort will be made to send employees who resign or are terminated their final paycheck on their next regularly scheduled payday. Retirees expecting a payout of sick leave and/or accrued vacation upon retirement should anticipate receiving their payout by their second regularly scheduled payday after retirement.

C. Return of Property, etc.:

Upon separation, the employee must return all property, records and complete required forms prior to receiving final payment for compensation or payment for any accrued vacation or sick leave as may be required by this manual. When an employee separates employment from the Racine Public Library, the owning department supervisor shall complete an “Employee Separation Worksheet” found on the City of Racine Human Resources page of CORI at the time they receive notice. The completed worksheet shall be forwarded in its electronic format to the City of Racine Human Resources Department. The employee should return their library P-Card to the Purchasing Department no later than one (1) week prior to their last day worked, and shall return their library cell phone and/or pager no later than the last day worked. The employee’s network access, security and accounts shall be terminated on the last day of work.

D. Use of Accrued Vacation and Sick Leave Upon Termination:

Employees who terminate their employment with the Racine Public Library and still have unused, accrued vacation and sick leave will not be allowed to extend their time on the
payroll in an attempt to use up the remaining, unused vacation and sick leave. Employees are expected to work every day during the last two weeks after giving two week’s written notice.

SECTION 3.19 PERSONNEL RECORDS

A. Maintenance of Records:

The City of Racine Human Resources Manager, on behalf of the Racine Public Library, shall be responsible for the maintenance of the official personnel files for all library employees. These files shall be confidential and contain the complete employment history of each employee during employment with the library. The personnel files shall contain, but are not limited to, the following information: employment applications, medical records, dates and records of injuries, commendations, education and special training received, reprimands, performance evaluations, wage data, promotions and other relevant personnel documents. The privacy of employee personnel files will be governed and administered in accordance with Federal and State law.

B. Employee Rights:

Employees are permitted to inspect and copy (at a minimum fee of 25 cents per page) any material which is contained in their personnel file or on the City of Racine Human Resources Department’s computerized filing system, OnBase, provided that they submit a written request to the City of Racine Human Resources Department.

C. Modifying Personnel File Information:

If factual information is demonstrated to be incorrect by the employee, it will be corrected. If an employee disagrees with certain items in their file, they may submit a concise statement of disagreement for inclusion in their personnel file.
A. **Union Business:**

No employee covered in this handbook will be discriminated against because of membership in, or activity in connection, with any union. The library will not discourage membership in a union. Unions shall provide written notification to the Racine Public Library and the City of Racine Human Resources Department within 10 business days following the election or selection of union officers or representatives.

No union activities, other than collective bargaining, shall ordinarily be permitted on library time. All other union business shall be transacted outside normal working hours, unless pre-approved in writing, by an employee’s department head or Executive Director.

B. **Bulletin Boards:**

The library agrees to provide bulletin board space for the union’s use. The bulletin boards are to be used by the union for notices only of the following: Union meetings, Union elections, Union appointments, Union recreational and social events, unemployment compensation information, and other materials of non-political nature.

Upon written demand from the library, unions shall promptly remove from such bulletin boards any material which is in any way a violation of this section. The library will retain ownership of the bulletin boards. In the event a Union fails to remove materials in violation of this section, the library reserves the right to remove said materials.
ARTICLE IV. WAGE AND SALARY POLICIES AND PROCEDURES

The purpose of wage and salary policies and procedures is to fairly allocate each position to an appropriate grade or classification in such a way as to maintain equity between positions while taking into consideration factors such as education, experience, problem solving, work environment, supervisory responsibilities and other related factors contributing to the nature of the position. It also sets initial hiring rates and salary ranges, procedures for increases, as well as promotions and reclassification guidelines. The development and administration of the compensation program is the responsibility of the Executive Director, in consultation with the City of Racine Human Resources Department, subject to approval of the Library Board.

SECTION 4.01 WORK SCHEDULES

Work schedules for library employees, due to the special nature of library departmental operations, vary throughout the library. The Department Head for each department shall schedule or approve the schedule for the workweek (including regularly scheduled Saturday and Sunday work) for all shift employees, regular, seasonal and temporary employees. Generally, the regular workweek for regular full-time library employees will be 40 hours of actual work, excluding all meal periods except for evening shifts. With the approval of the Executive Director, Department Heads may vary hours of work or meal periods for employees, but must explain working hours, lunch periods and work breaks upon hire and thereafter as they may change from time to time. City of Racine Payroll and Human Resources must be notified of any ongoing variance in an employee’s hours.

No person who is employed as an exempt employee, defined in Section 2.01, should assume that their work schedule is limited to 40 hours per week.

Flexible Scheduling: employees (regular full-time and part-time) shall be permitted to work a flexible schedule as provided by this article. Flexible schedules may include variations in daily beginning and ending work times, or a compressed workweek, providing those schedules comply with state and federal wage and hour laws. Except for bona fide emergencies (where the employee has no prior knowledge and no control over circumstances), a request for flexibility shall be made no later than one calendar day prior to the requested change. Approval shall not be unreasonably withheld or withdrawn. Immediate supervisors may approve requests for flexibility that in their view meet the purpose and scope of this provision. Requests for flexibility exceeding the scope of this provision may be approved by the Executive Director.

SECTION 4.02 TIME KEEPING

Library employees’ attendance will be maintained by utilizing the Time Management System (TMS), either by individually entering data into the system or by clocking in/out of the system using a clock-sweep card, which supervisors will be responsible for reviewing records, editing them, or entering missing time records. As applicable, based upon the employee’s exempt or
non-exempt status, records in the system shall reflect days and hours worked, overtime hours worked, all absences, including personal time, sick leave, holidays, vacation time, compensatory time, and other types of leaves permitted as set forth in this handbook.

SECTION 4.03 PAY POLICY

Employees shall be compensated at the rate established by the Library Board and shall be paid on a bi-weekly basis. Payday is the Friday following the completion of the two-week pay period. When the normal Friday payday is a designated non-work day, employees will be paid on the work day preceding the regular payday.

SECTION 4.04 DIRECT DEPOSIT

All employees shall be paid by direct deposit to their financial institution on the day of a regular pay date at no cost to them.

SECTION 4.05 PAY FOR NON-EXEMPT REGULAR FULL-TIME EMPLOYEES

A non-exempt regular full-time employee shall be paid their hourly rate times the number of hours worked. Time earned shall be calculated to the nearest tenth of an hour.

SECTION 4.06 PAY FOR NON-EXEMPT PART-TIME EMPLOYEES

A non-exempt part-time employee shall be paid their hourly rate times the number of hours worked. Fringe benefits, however, are paid on a pro-rated basis. Time earned shall be calculated to the nearest tenth of an hour.

SECTION 4.07 PAY FOR EXEMPT FULL AND PART- TIME EMPLOYEES

Exempt employees are paid on a “salary basis,” meaning an employee paid a proportionate amount of their annual salary based on the number of paydays in the calendar year (usually 26 pay periods per calendar year), that cannot be reduced because of variations in the quality or quantity of the employee’s work. By law, a salaried employee’s pay can only be reduced in the following circumstances:

1. Unpaid family and medical leave for FMLA time greater than one day where the employee elects not to substitute any accrued leave time;
2. Any workweek or workday in which no work is performed (unless the employer cannot supply any work to do), and no deductions from an accrued leave bank occur;

3. Disciplinary suspensions for workplace conduct (which does not include performance or attendance issues) pursuant to a written policy applicable to all employees; and,

4. As otherwise permitted by law.

SECTION 4.08 COMPENSATION FOR INTERIM APPOINTMENTS

Appointment of personnel to a higher pay rate on an interim basis occurs when it is necessary to either fill a vacancy or add additional duties to an employee’s job for an extended period of time. Any such assignment must be approved by the Executive Director before it can be put into place. The amount of pay for the assignment shall be at the rate of pay of the position so assigned or 10% above the employee’s current rate of pay, whichever is less.

SECTION 4.09 OVERTIME

Overtime for non-exempt employees shall only be worked by an employee at the direction of, and with the prior authorization of, the Executive Director. Any employee working overtime hours without such pre-authorization will be subject to discipline, up to and including termination. It shall be the responsibility of the Executive Director to assign overtime work only when emergencies or other compelling circumstances prevent the reasonable accommodation of additional work through the reassignment of work priorities or through the rescheduling of hours within the same workweek.

A. Non-Exempt Employees: Non-exempt employees shall be compensated for actual time worked to a maximum of a 40-hour work week, after which time full-time regular employees required to work additional hours in excess of 40 hours per week shall be paid overtime compensation, either in wages or compensatory time off, depending upon the position and as determined by the employee’s department head and subject to the provisions of the Fair Labor Standards Act. For purposes of computing overtime, vacation, holiday, emergency closings and sick time within a given workweek shall not be considered hours worked. The hourly pay rate for authorized overtime worked by any non-exempt employee shall be one and one-half times the regular hourly wage rate.

B. Non-Exempt Employees – Holidays: Except for non-exempt employees who work rotating shifts, overtime for work on an actual holiday will be paid at two times the employee’s regular salary.

C. Emergency Overtime: Employees are required to work emergency overtime. An emergency for the purpose of this section shall constitute an unforeseen occurrence
(including, but not limited to all weather problems) requiring immediate action to provide necessary library service. The Employer shall offer the emergency overtime hours to employees working the immediate previous shift. Emergency overtime is hereby defined as overtime not known at least 72 hours in advance. In the event that no employee on the previous shift volunteers to work, the Employer shall have the right to require the least senior employee, on a rotating basis, and working the previous shift to work four hours of emergency overtime contiguous to their previous shift. To fill the remaining four hours of emergency overtime, the Employer shall utilize the provisions contained in this section by contacting employees on the shift following such emergency overtime, with the right to require the least senior employee on a rotating basis scheduled to work the remaining four hours of emergency overtime. In the event the Employer is unable to fill any remaining overtime because the Employer is unable to reach an employee working the shift following said emergency overtime, the Employer shall, in reverse order of seniority, call employees to work the remaining overtime. One documented call will be made to every person within the specific classification with a message left when possible. If no one is contacted, the person assigned to the first four hours will be required to work the entire shift.

D. **Non-Emergency Overtime**: Non-emergency overtime shall be posted as available to all employees in the classification needed. If no one signs up for available overtime, the posted overtime shall become emergency overtime within 72 hours of the needed overtime.

E. **Exempt Employees**: Exempt employees shall not earn overtime pay or be entitled to compensatory time off.

SECTION 4.10 COMPENSATORY TIME

A. **Non-Exempt Employees**: Non-exempt regular full-time employees may elect compensatory time off in lieu of overtime pay, subject to Department Head approval. Compensatory time-off shall be granted at the rate of one-and-one half hours for each one hour of overtime worked. Employees may accumulate and use up to 24 hours of compensatory time each calendar year.

Employees must seek permission to use compensatory time from the Department Head. Employees who have requested the use of compensatory time will be permitted to use such time within a reasonable period after making the request if use of the time does not unduly disrupt the operations of the department or cause the department to incur any overtime expense. Likewise, each employee who has accrued compensatory time off may be required to use the compensatory time within a reasonable period after receiving notice to do so. Compensatory time does not carry-over from one year to the next. Non-exempt employees shall be paid for any compensatory time not used by December 31 of each calendar year.
**B. Exempt Employees:** Employees who are defined as exempt employees shall not receive additional compensation for time worked beyond eight hours per day or 40 hours per week. It is understood that exempt employees may be required to work in excess of eight hours per day or 40 hours per week in order to perform the duties of their positions. As such, no hour for hour accounting of compensatory time for exempt employees will be kept. However, compensatory time off may occasionally be granted to exempt employees by their Department Head in order to provide some measure of compensation for those hours worked in excess of 40 hours per week. However, some work beyond eight hours per day or 40 hours per week is expected to be performed by exempt employees without the expectation of additional compensation.

**SECTION 4.11 PAYROLL DEDUCTIONS**

Automatic payroll deductions shall be made as required by applicable State and Federal law. The following items are among the deductions that may be made from an employee’s gross pay, although not all are applicable to every employee and some are paid by the library: Federal income taxes, State income taxes, FICA (Social Security), Medicare, charity deductions, deferred compensation program deductions, wage assignments, health insurance deductions, life insurance deductions, and deposits to credit unions or other financial institutions.

**SECTION 4.12 FINAL PAY**

Upon the death, disablement, or retirement of an employee, the employee, spouse or employee’s estate, shall be paid by check, at the rate of pay in effect upon termination, for their earned but unused or unpaid vacation entitlement, salary, sick leave (in most cases only 50% of up to 1120 hours) and compensatory (non-exempt only). Employees terminated for cause or who resign their positions are entitled to salary, compensatory time if non-exempt, and pro-rated vacation.
ARTICLE V. EMPLOYEE BENEFITS

SECTION 5.01 FEDERAL AND STATE TAX IMPLICATIONS

Employees should be aware that certain benefits, like tuition reimbursement or cell phone reimbursement, may be subject to State and/or Federal tax. The library assumes no responsibility as to items taxed or as to the amount of such taxes.

SECTION 5.02 REST PERIODS

Employees may take two 15-minute work breaks in an eight-hour shift, one during the first four hours, the second during the final four hours, as designated by the Department Head. Work breaks not taken are lost. Work breaks cannot be accumulated or used to extend lunch periods or to shorten the work day. The Department Head may refuse to permit a work break due to heavy departmental work load, although Department Heads shall not as a matter of routine refuse to permit an employee or employees to take work breaks.

SECTION 5.03 HOLIDAYS

A. Schedule:

The following eleven days are designated as paid holidays for regular full-time and regular part-time employees:

1. New Year’s Day
2. Dr. Martin Luther King Jr. Day
3. Spring Break
4. Memorial Day
5. Independence Day
6. Labor Day
7. Thanksgiving Day
8. Thanksgiving Friday
9. Christmas Eve Day
10. Christmas Day Observance
11. New Year’s Eve

In addition to the above listed holidays, regular full-time and regular part-time employees will be entitled to an additional floating holiday. Said holiday can be taken in an 8-hour
increment only, and with at least three workdays advance permission from the employee’s supervisor. The library reserves the right to determine how many employees may be allowed off on the floating holiday at any one time. New employees must be regular employees for at least six calendar months in their first calendar year of regular full-time employment before they are entitled to the floating holiday that year.

B. Work Before and After Holiday: Employees shall be paid at their regular base rate of pay for the above mentioned holidays, however, to be entitled to such pay, the employee must work the full workday preceding and the full workday following the particular holiday unless on an excused absence.

C. Work on Holidays: In the event an emergency should make it necessary for an employee to work during a holiday, the employee will work at their regular work rate for said period and in addition receive their holiday pay.

D. Eligibility: All employees eligible for holiday pay must be employed for 30 calendar days before being eligible for holiday pay.

E. The Racine Public Library will be closed on those days officially designated for the observance of holidays by the City of Racine.

F. In the event a City holiday falls on a Saturday or a Sunday, and the City observes the holiday by closing on a weekday, the Library will be closed on the weekday designated for the holiday observance and also on the actual holiday (Saturday).

G. Further, the Library will continue to observe its tradition of closing on the City's Spring Break holiday.

H. Holiday pay for part-time employees is granted under a pro-rata calculation, made on a calendar-year basis, based upon the employee’s annual hours worked as a percentage of full-time employment. The calculation shall be based upon the employee’s hours worked in the prior year.

SECTION 5.04 VACATION LEAVE

Qualified regular full-time (40 hours per week) library employees and regular part-time professional librarians shall be entitled to a vacation with pay in accordance with the following:

A. First Year Employees: In the calendar year in which employment commences, new employees shall earn vacation at the rate of one-half day per full month of employment up to November 1, not to exceed five workdays. (Example: An
employee who starts work on August 1, 2013, is entitled to one and one-half days vacation in the calendar year 2013). Employees who commence work on or after November 1 are not permitted any vacation time off during that calendar year.

Thereafter, time in service on or before December 31 of each year shall be used as the basis for computing the length of vacation to which each employee is entitled. First-year employees must work one full year from their date of hire before they are entitled to their full vacation accrual. (Example: An employee who starts work on August 1, 2013, would be on the payroll as of December 31, 2013, and would therefore be entitled to a full vacation allotment for 2014, provided the employee remained on the payroll until August 1, 2014, one full year after date of hire). First-year employees who terminate or are terminated before completion of one year from their date of hire shall receive prorated vacation based on the number of full months worked from the previous December 31, which number shall be placed as the numerator in a fraction whose denominator is the number 12. Employees who terminate or are terminated before the completion of six months of employment are not eligible for the payment of earned vacation.

B. Other Employees: The vacation schedule shall be as follows:

1. Ten workdays after one year of continuous employment;

2. Fifteen workdays after seven years of continuous employment;

3. Eighteen workdays after 14 years of continuous employment;

4. Twenty workdays after 18 years of continuous employment;

5. Twenty-five workdays after 23 years of continuous employment.

Time in service on or before December 31 of each year shall be used as the basis for computing the length of vacation to which each employee is entitled during the calendar year (Example of computing the 15 workdays entitlement: An employee who starts work on February 20, 2006, and is on the payroll as of December 31, 2012, would be entitled as of January 1, 2013, to an allotment of 15 vacation days even though the employee has yet to reach their seven year anniversary date. Should an employee leave employment with the library before reaching their anniversary date, such additional vacation days, if used, will be paid back to the library).

Employees who terminate their employment during the calendar year are entitled to their full scheduled vacation allotment, provided they submit a two working week written notice of termination. Failure to provide a written notification shall result in their vacation being prorated based on the number of full months worked from the previous December 31, which number shall be placed as the numerator
in a fraction whose denominator is the number 12. Employees who are terminated for disciplinary reasons will also receive vacation on a prorated basis. Vacations must be scheduled and taken during the calendar year in which they are earned and cannot be accumulated or carried over from year to year except as provided in paragraph C below.

C. Carryover: In the event an employee cannot take a vacation regularly scheduled for the last week in December because they are called back by the library, the unused portion of this vacation for that week shall be carried over into the next year. Vacation permitted to be carried over must be used within the first three months of the new year. Otherwise, vacation that is not scheduled and taken by the end of the year will not be carried-over and it will also not be paid out.

D. Vacation Week: A vacation week for a regular full-time employee shall consist of 40 hours at the employee’s regular base rate of pay. If a holiday falls within a calendar week of vacation, the employee shall have the right to take a four-day vacation.

E. Division of Vacation: The actual scheduling of vacations shall be agreed upon by the department head and the employee based on departmental needs. However, vacation periods of one week or more, including the holiday vacation weeks specified in paragraph D, will be given priority in the selection process.

F. Method of Selection: Vacation requests for each quarter must be received during the prior quarter. Changes of vacation dates may be made only by mutual agreement of the department head and the employee.

In cases of conflict, priority will be given to requests received first. If requests are received on the same day, priority will be by seniority.

G. Retirement/Disability: Employees who retire under the Wisconsin Retirement Plan, or employees who are unable to work due to a disability, prior to December 31 shall be paid all proper compensation up to their final day of employment. In addition, the library will pay any accrued but unused vacation on a pro-rata basis and compensatory/overtime.

H. Death: The survivors of an employee who dies prior to December 31 shall be entitled to any unused earned vacation not taken by the employee during the calendar year of death.

I. Promotion from part-time to full-time: Date of hire shall be used to determine vacation leave, not date of promotion.

SECTION 5.05 SICK LEAVE
A. All regular full-time employees are eligible for sick leave for personal or family illness, or for a qualified Family Medical Leave event. Sick leave accumulates at the rate of one day per full calendar month of employment (maximum of 12 days per year) up to a total cumulative maximum of 150 days in the leave account. Part-time employees are not entitled to sick leave under any circumstances except for regular part-time professional librarians.

B. Usage: Employees shall make every reasonable effort to schedule medical appointments at the least disruptive time in accordance with departmental needs, so as not to conflict with the work schedule of the day. Those employees utilizing their sick leave due to personal illness must notify their department no later than 30 minutes after the start of business in the morning or afternoon. If sick leave becomes exhausted due to severe illness, injury, or other physical incapacity, the employee shall charge further absenteeism to compensation time, casual days or vacation, before using leave without pay.

C. Notification: Employees who are absent due to illness for more than three consecutive working days are required to furnish a certificate of illness signed by a licensed physician upon request, and a release to return to work signed by a licensed physician in some cases before they can return to work. Additionally, at the discretion of the Department Head, the employee may be required to submit a physician’s certificate to confirm that an employee was ill and is eligible for sick pay for leave taken immediately before or after a holiday, weekend, or vacation for periods of fewer than three days. If such a certificate is not forthcoming, any pay granted for such leave may be deducted from the next paycheck.

D. Eligibility: Eligibility to use sick leave shall begin after the completion of six months of actual service following hire, but accumulations shall be retroactive to the time of regular employment.

E. Severance Benefit: Upon death, retirement on pension, or total disability, the employee or survivor shall be paid a sum equal to 50 percent of the regular daily wage of the first 140 days of accumulated sick days. Employees who resign may not use sick leave after submitting their resignation notice except if on a Family Medical Leave or in cases of disability.

F. Donating Sick Leave: Employees may not donate sick leave days to another employee of the library who is absent due to a severe illness, injury, or other physical incapacity, and who has exhausted their accumulated sick days, vacation days, holidays, and compensatory time.

G. Abuse of Sick Leave: Abuse of sick leave shall result in disciplinary action, including discharge in the event of continued abuse.
SECTION 5.06  CASUAL DAYS

Casual days will be granted as follows: Regular full-time employees and regular part-time professional librarians are eligible for up to four casual days per year as determined by the amount of accumulated sick leave in their account on January 1 of the current year. An employee who has accumulated 320 hours (40 days) is entitled to one casual day, 480 hours (60 days) is entitled to two casual days, 640 hours (80 days) is entitled to three casual days and 800 hours (100 days) is entitled to four casual days. Casual days, like vacation, must be taken during the calendar year and cannot be accumulated or carried forward to the next year and will not be considered for severance pay purposes. The scheduling of casual days shall be mutually agreed upon by the employee and the department head. Casual days may be added onto the beginning or the end of a vacation period, provided it is done at the same time vacation is selected. Otherwise, casual days shall be taken in conformance with the provisions of this section and one week’s approval from the Department Head or Executive Director before any can be taken. Such approval shall not be unreasonably withheld.

SECTION 5.07  FAMILY MEDICAL LEAVE

The State and Federal Family and Medical Leave Acts (FMLA) provide eligible employees with up to 12 work weeks of protected leave each year for specified family and medical reasons. The FMLA seeks to accomplish these purposes in a manner that accommodates the legitimate interests of employers and minimizes the potential for employment discrimination.

Note: The eligibility and entitlements are defined differently under Federal and State law. This policy basically reflects Federal law; however, if an employee is eligible for provisions in the State law, these will be discussed with each individual separately. Federal and State law will run concurrently. An employee must qualify under Federal law to be entitled to the 12 weeks of leave. The employee must qualify under Wisconsin law to be eligible for the Wisconsin leave entitlement. Satisfaction of one law’s eligibility requirements does not necessarily mean the employee has satisfied the requirements of the other. If an employee qualifies for Federal family and medical leave and for leave under State law, leave used counts against the employee’s entitlement under both laws. If an employee is entitled to leave under only one law, their leave used counts against the entitlement under that law. Notwithstanding anything else contained herein, if there are any conflicts between this section and Federal or State law, the provisions of Federal and/or State law will be controlling.

A. Eligibility:

For Federal FMLA purposes, employees are entitled to FMLA benefits if they:

1. Have been employed by the Racine Public Library for at least 12 months; and
2. Have worked at least 1,250 hours during the 12 months prior to the start of the FMLA leave.

For State FMLA purposes, employees are entitled to FMLA benefits if they:
1. Have been employed by the Racine Public Library for at least 52 weeks; and
2. Have worked at least 1,000 hours during the 52 consecutive weeks prior to the start of the FMLA leave.

B. FMLA Qualifying Events and Amount of Leave:

Eligible employees may take up to a total of 12 work weeks of FMLA leave in a calendar year for the following qualifying events:

1. The birth of a child and to care for the newborn child;
2. The placement with the employee of a child for adoption or foster care and to care for the newly placed child;
3. To care for the employee’s spouse, child, or parent with a serious health condition (Note: Under Wisconsin FMLA, an employee may take up to two work weeks for a domestic partner, a parent-in-law and a domestic partners’ parents);
4. For a qualifying exigency arising out of the fact that an employee’s spouse, domestic partner, child or parent is on active duty or has been notified of an impending call or order to active duty as a member of the Armed Forces (including a member of the National Guard or reserves) and being deployed to a foreign country;
5. For the employee’s own serious health condition that renders the employee unable to perform their job.

Twelve weeks of family leave can be utilized by an employee whose spouse, domestic partner, child, or parent has been called to active duty to make arrangements for child care, make financial and legal arrangements, attend counseling, attend official ceremonies or programs where the military requests participation of the family member, to attend to farewell or arrival arrangements, or to attend to affairs caused by the missing status or death of a service member.

Eligible employees may take up to a total of 26 work weeks of FMLA leave in a calendar year to care for a spouse, domestic partner, child, parent, or next of kin who is a member of the Armed Forces who suffered an injury or illness while on active duty that renders the person unable to perform the duties of the member’s office, grade, rank, or rating. FMLA may also be used to care for a family member who was a member of the Armed Forces any time during the period of
five years preceding the date on which the veteran undergoes treatment, recuperation, or therapy.

If an employee takes paid sick leave for a condition that progresses into a serious health condition, the library may designate all or some portion of the related leave as taken under this policy to the extent that the earlier leave meets the necessary qualifications.

Leave qualifying for both Wisconsin and Federal FMLA leave count against an employee’s entitlement under both laws and will run concurrently. Qualified leave taken under Worker’s Compensation will also run concurrently with Wisconsin and Federal FMLA leave.

C. Leave Duration:

An eligible employee can take up to 12 work weeks of leave during any 12 month period. The library will calculate the twelve month period using the calendar year. Each time an employee takes a leave, the library will compute the amount of leave the employee has taken under the policy and subtract it from the 12 weeks of leave available, and the balance remaining is the amount the employee is entitled to take at that time.

D. Spouses or same sex married partners: or Domestic Partners:

If both spouses or same sex married partners or domestic partners work for the library and each wishes to take a leave for the birth, adoption, or placement of a child, or to care for a parent or child with a serious health condition, the spouses or domestic partners, combined, may only take a total of 12 weeks of leave.

Non-continuous or Intermittent Leave:

Employees are permitted to take leave on an intermittent (blocks of time) or reduced work schedule:

1. When it is medically necessary to care for a family member with a serious health condition or because of the employee’s serious health condition;

2. When it is necessary to care for a family member or next of kin who suffered an injury or illness while on active duty;

3. To care for a newborn, adopted or foster child. Federal FMLA leave for the birth or placement of a child for adoption or foster care may not be taken in non-continuous increments unless approved by the library. Under the Wisconsin FMLA, the last increment of leave for the birth or adoption of a child must begin within 16 weeks of that birth or placement.
Medical or family caretaking leave should be planned so as not to unduly disrupt the library’s operations.

The library allows for intermittent leave to be taken in no less than one hour increments or, under certain circumstances, may use the leave to reduce the work week or work day, resulting in a reduced hour schedule. In all cases, the leave may not exceed a total of 12 weeks in a 12 month period.

When requesting an intermittent leave or reduced work schedule, the Department Head AND the employee must mutually agree to the schedule before the leave begins. If this is not possible, the employee must prove the use of the leave is medically necessary.

E. Requesting a Leave:

An employee requesting leave under this policy must complete a Family and Medical Leave of Absence Request Form and forward it to the City of Racine Human Resources Department.

The employee must request the leave at least 30 days in advance. If it is not possible to give 30 days’ notice, the employee must give as much notice as practicable. An employee undergoing planned medical treatment is required to make a reasonable effort to schedule the treatment to minimize disruptions to the library’s operations.

If an employee fails to provide 30 days notice for foreseeable leave with no reasonable excuse for the delay, the commencement of the leave may be delayed or denied until at least 30 days from the date the library receives the notice. Failure to provide timely notice allows the library to count any absences during the delay as non-FMLA absences and apply the attendance policy.

While on leave, employees are required to report periodically to their supervisor regarding the status of the medical condition and their intent to return to work.

Calling in “sick” is not enough to trigger the FMLA requirements. When an employee seeks leave due to a particular FMLA-qualifying condition for which the library has previously provided FMLA leave to the employee, the employee must specifically reference either the qualifying reason for the leave or the need for “FMLA leave.”

F. Certification of the Serious Health Condition:

If the requested leave is for a family member’s or the employee’s serious health condition, the employee must submit medical certification from the employee’s or the family member’s health care provider. The employee must respond to this requirement within 15 days or provide a reasonable explanation for the delay.
Certification of the serious health condition shall include: The date when the condition began, its expected duration, diagnosis, and a brief statement of treatment. For leave for an employee’s own serious health condition, the certification must include a statement that the employee is unable to perform work of any kind or is available for light duty (list restrictions and recommend accommodations). (Note: A Family and Medical Leave Health Care Provider Certification form may be attached to the response for FMLA for completion by the health care provider).

If the medical certification is insufficient or incomplete, the employee will be provided with a list of what information is still needed and will have seven days in which to provide the information. If the employee does not provide the information within seven days, the leave can be denied.

The library also reserves the right, once the leave begins, to ask for the attending physician to complete a Family and Medical Leave Health Care Provider Certification form periodically regarding the employee’s status and intent to return to work. Recertification may be requested no more often than every 30 days in most cases. However, recertification may be required at any time if an extension to a leave is requested, circumstances described in the last certification have changed (such as a pattern of absences around an employee’s scheduled days off), or the library receives information casting doubt on the employee’s stated reason for an absence or the continuing validity of the last certification (such as an employee observed engaging in activities that are inconsistent with a need for time off due to the certified condition).

If the employee plans to take intermittent leave or work a reduced work schedule, the certification must also include dates and the duration of treatment and a statement of medical necessity for taking an intermittent leave or work a reduced schedule.

The library has the right to ask for a second opinion if it has reason to doubt the certification. The library will pay for the employee to get a certification from a second physician, which the library will select.

If necessary to resolve a conflict between the original physician and second opinion, the library will require the opinion of a third physician. The library and employee will jointly select the physician and the library will pay for the opinion. This third opinion will be considered as binding and final.

G. Use of Paid or Unpaid Leave:

Under Wisconsin law, an employee has the option to substitute accrued, but unused vacation, comp time, or sick leave to remain in a paid status. However, under Federal law, the library may require substitution of vacation, comp time, or sick leave.
The library will allow an employee to take up to two weeks (10 days) of unpaid leave. For the remainder of the leave, the library will require the substitution of available accrued vacation, comp time, and/or sick time.

H. Employment Status & Benefits During the Leave:

While the employee is on leave, the library will continue the employee’s benefits as set forth in this employee handbook.

Other benefit deduction(s): While on paid leave, benefit deductions (such as AFLAC, etc.) will continue through payroll deductions. While on an unpaid leave, the employee is responsible for the payment of other benefit premiums when required by making arrangements with the City of Racine Payroll Department for timely payment. If payments are not made, the library will discontinue these benefits during the leave or will recover the payments at the end of the leave period.

I. Employment Status After the Leave:

An employee who takes leave under this policy will be able to return to the same job or to a job with equivalent status, pay, benefits, and other employment terms. The position will be the same or one which entails substantially equivalent skill, effort, responsibility, and authority (provided the employee is physically capable of performing the job).

J. Return to Work:

An employee returning from FMLA for their own serious health condition must provide a fitness for duty certification/physician’s statement releasing the employee back to full or restricted duty. If returning to restricted duty, the return to work slip should indicate the limitations and suggested accommodations, as well as the duration of the restrictions. They may be asked to have their physician complete an Attending Physician Report Form which allows the physician to be specific on the restrictions.

e) Permanent or long-term conditions requiring supervision for which treatment may not be effective (i.e., Alzheimer’s, severe stroke, or the terminal stages of a disease);

f) Multiple treatments by or under the supervision of a health care provider either for restorative surgery after an accident or other injury or for a condition that would likely result in a period of incapacity of more than three calendar days in the absence of medical intervention or treatment such as cancer (chemotherapy), severe arthritis (physical therapy), or kidney disease (dialysis);

g) In the case of a member of the Armed Forces (including a member of the National Guard or reserves), means an injury or illness that was incurred by the member in the line of duty on active duty in the Armed Forces or existed before the beginning of the member’s active duty and was aggravated by service in the line of duty on active duty in the Armed Forces and that may render the member medically unfit to perform the duties of the member’s office, grade, rank, or rating. In the case of a veteran who was a member of the Armed Forces at any time during the period of five years preceding the date on which the veteran undergoes treatment, means a qualifying injury or illness that was incurred by the member in the line of duty on active duty in the Armed Forces or existed before the beginning of the member’s active duty and was aggravated by service in the line of duty on active duty and that manifested itself before or after the member became a veteran.
L. Steps for Applying for a Leave:

1. The employee should discuss the situation with their immediate supervisor and the Executive Director.
   a) If the precipitating event is foreseeable, the employee shall notify the library at least 30 days prior to the leave.
   b) If the precipitating event was unanticipated, the employee shall notify the library as soon as practicable.

2. Complete the Family and Medical Leave of Absence Request form and forward it to their immediate supervisor, who will then sign it and have the employee send the copy to the Executive Director.
   a) All requests MUST include an anticipated start and ending date.

3. The Executive Director will provide a Response to Request for Family and Medical Leave confirming the approval/denial of the leave, as well as salary and benefit information.

4. The employee is responsible for notifying their immediate supervisor AND City of Racine Human Resources of any changes in their leave status.

5. The employee is responsible for providing recertification of status or leave reports as specified in the Response to Request for Family and Medical Leave form or when otherwise requested.

6. The employee is responsible for providing evidence of fitness for duty to certify the employee is capable of returning to work with restrictions or full duty. Delays in turning in this certification may result in delays in returning the employee to duty and pay status.

SECTION 5.08 EXTENDED SICK LEAVE OF ABSENCE

Employees who are absent from work due to illness or injury (not job related), and who have exhausted any sick leave accumulation, vacation, holiday and/or casual time they may have accrued, and are not entitled to Family Medical Leave, may be eligible for an extended sick leave of absence during which the employee would no longer be paid or earn accrued benefits but would continue to receive health and other insurance coverage while on medical leave on the same terms as if the employee continued to work. An employee must pay his share of the premium(s) through payroll deduction or by direct payment on the first of the month. Exceptions
to this requirement may be made on a case-by-case basis if mutually agreed upon by the employee, the employee’s supervisor, the Executive Director and the City of Racine Human Resources Department. Specifically, the library would continue to pay all applicable insurances (such as health and life insurance) until the employee returned to work.

The extent of, and circumstances surrounding, an extended sick leave of absence must be reviewed and approved by the Executive Director and the City of Racine Human Resources Department. Each case of an extended sick leave of absence shall be decided and judged on its individual merits and no case shall be deemed as setting a precedent for any other case. Extended sick leaves of absence will be periodically reviewed and evaluated but in all instances will continue no longer than one year. In order to return to work, an employee must have a valid “Fitness for Duty” statement signed by a treating physician. If this statement is not received, the employee’s return to work will be delayed until it is received. An employee who does not return to work from leave at the designated time will be considered to have voluntarily terminated their employment.

SECTION 5.09 PERSONAL LEAVES OF ABSENCE

Only serious compelling reasons shall be considered for granting a request for leave of absence (i.e., verifiable severe family or personal problems, employer approved educational leaves, etc.). **Written** requests for leave must be submitted to the employee’s immediate supervisor at least 30 calendar days before the commencement of the leave unless a dire emergency prevents this procedure from being followed, and must be approved by the Library Board. Employees shall make arrangements with the City of Racine Human Resources Department to pay fully for health and other insurance premiums if their leave will extend more than five working days. All other fringe benefits shall be suspended for the duration of the leave except the employee’s seniority date.

**Leave Without Pay**

Employees who run out of vacation, sick, or PTO time must request, in writing, leave without pay for serious and compelling reasons. Up to five days may be approved by the Executive Director; six days or more must be approved by the Library Board. Employees shall make arrangements with the City of Racine Human Resources Department to pay fully for health and other insurance premiums if their leave will extend more than five working days. All other fringe benefits shall be suspended for the duration of the leave except the employee’s seniority date.

SECTION 5.10 MILITARY LEAVES OF ABSENCE
Employees requiring leave due to voluntary or involuntary service in the uniformed services shall be granted time off, reinstatement, and health insurance continuation and any other rights or benefits that are available to employees on nonmilitary leaves of absence, whether paid or unpaid, in accordance with applicable State law and the Federal Uniformed Services Employment and Reemployment Rights Act (USERRA).

SECTION 5.11 FUNERAL LEAVE

The Employer shall grant employees pay for lost time up to three days in case of death in the immediate family, defined as mother, father, sister, brother, spouse, same sex married partner, domestic partner, son, or daughter. In case of death of a mother-in-law, father-in-law, sister-in-law, brother-in-law, daughter-in-law, son-in-law, grandmother, grandfather, or grandchildren, one day will be allowed. Paid funeral leave will not be granted for step-relatives.

In order to receive credit for the paid days off, whether one day or three days, an employee must provide documentation which establishes that the deceased is related to the employee, and a signed document showing that the employee attended the funeral services. Acceptable documentation usually comes in the form of an obituary column from a newspaper and a form signed by a funeral director or a priest/minister verifying attendance at the funeral parlor and/or church services. When funeral leave begins is a matter of common sense in that, for example, three days off should be taken contiguously and include the day when the employee attended the funeral services. Funeral leave shall not be permitted simply to allow an employee time off for personal reasons or to attend to other matters related to the decedent’s death. Variations to this policy will be dealt with on a case by case basis. In no case will funeral leave be granted at any time other than immediate to the decedent’s death and funeral.

Supervisors shall liberally permit vacation time, or unpaid time off, to permit employees to attend funerals of immediate, or other-than-immediate, family members in cases where an employee is not entitled to funeral leave.

SECTION 5.12 JURY DUTY

Employees (regular full-time and part-time) shall be granted time off with pay for reporting for jury duty upon presentation of satisfactory evidence of such duty or service on condition that they endorse their jury duty check, less travel allowance, over to the Business Office. Employees shall be required to report to work if excused from jury duty in the regular workday or forfeit pay provided in this paragraph. Leave will not be paid for days when benefited employees are not scheduled to work.

SECTION 5.13 WITNESS/SUBPOENA POLICY
It is recognized that an employee may be called upon to testify in a court or other legal proceeding concerning an incident or occurrence in which the employee was a direct participant or as a bystander/witness arising out of their scope of employment with the library. It is also recognized that an employee may be called upon to provide specialized information or based on specialized training or experience, referred to as an “Expert Opinion,” in an official capacity as a representative or authority of the library.

Testifying is defined as 1) providing a statement, whether written or oral, in response to in-court or deposition testimony; and 2) research and/or document review, preparation, creation, or collection in response to in-court or deposition testimony.

Any requests and/or subpoenas for testimony received by an employee will be disclosed by the employee to their Supervisor and/or Executive Director immediately upon receipt. Any such request or subpoena believed to arise or be based on the employee's scope of employment requires notice to the City Attorney's Office immediately.

A. Compensation:

This policy sets forth the conditions upon which an employee WILL or WILL NOT receive wages/compensation for "testifying."

1. An employee WILL NOT be compensated for testifying in any action or proceeding against the library unless the employee has been directed by library management to testify.
   a. An employee may choose to use eligible paid time off to testify in such situation if the time off is approved by their supervisor pursuant to the paid time off policy in effect for the particular shift, division or department.

2. An employee required and/or directed by the Executive Director to testify on behalf of the library in any action or proceeding WILL be compensated.

3. An employee required to testify on a day or during a time period that does not occur within the normal working day or shift WILL be considered "on the clock," and in all other ways considered to be acting within the scope of their employment, unless such testimony is not qualified for compensation under paragraph 1, above.

4. An employee must provide an independently verifiable account of the time spent testifying or waiting at the location of any court or legal proceeding before testifying. Failure to provide this account within 15 days of the date upon which the testifying occurred may result in the loss of eligibility for compensation. A
written statement from the employee's Department Head shall be considered sufficient.

SECTION 5.14 EMERGENCY CLOSINGS

Under the rare circumstances that the Racine Public Library may close due to severe weather or other unforeseen circumstances, all employees will be paid at their regular rate for any hours (but no more than 8 hours) they are scheduled to work during which the office is officially closed. The Racine Public Library Board of Trustees will determine how long employees will be paid, if the emergency closing lasts more than one day. If the Mobile Library is closed due to severe weather or other unforeseen circumstances, Mobile Library staff will report to the main facility.

If a staff member has previously been approved to take vacation or PTO time, or has called in sick, or is not scheduled to work those hours due to flexible scheduling or weekend work, that staff member is not considered “scheduled to work” for those hours the library is officially closed.

Any staff member who is scheduled to work will be paid for the hours they were scheduled to work but were not able to work because the library was closed.

SECTION 5.15 HEALTH INSURANCE

A. Medical Coverage Effective January 1, 2015:

The City of Racine will provide group health insurance to regular full-time employees, and to regular part-time employees who work more than 30 hours per week on a pro-rated basis. Such health insurance shall become effective on the first day of the calendar month following the date of hire. General employees will pay via payroll deduction 10% or 5% of the premium equivalent for the coverage type (single or family) and option selected by the employee. Applicable benefits including deductibles and coinsurance are as set forth in the Summary Plan Description available from the City of Racine Human Resources Department.

An eligible employee may elect to waive health insurance coverage and will receive a monthly payment of $50 via payroll for the period of time that the employee does not receive the benefit. An employee who does opt out may elect to receive coverage during an open enrollment period each year.

B. Prescription Drugs: The City's prescription drug program is separate from the City's PPO health plan in that expenses are not subject to an employee's deductible or out-of-pocket expenses. Participation in the prescription drug program is paid on an 80% (City)/20% (Employee) basis for generic drugs, and the same for brand name drugs when no generic
drug is available. In the case of where a brand name drug is prescribed but an equivalent
generic brand drug is available, and the employee insists on purchasing the brand name
drug, the employee will be charged for the amount above what would be the City’s cost
for the equivalent generic drug. If a doctor can justify in writing the use of a brand name
drug even though a generic equivalent is available, an exception will be given and the
brand name prescription drug will be paid at the usual 80%/20% basis.

C. Wellness Incentive:

Employees, employees’ spouses, retirees and retirees’ spouses covered by the City health
insurance plan who complete the wellness program requirements will be eligible to
receive an incentive payment. An employee or retired employee shall be eligible for a
$200 wellness incentive payment. Employees’ spouses and retirees’ spouses shall be
eligible for a $100 wellness incentive payment. Employees and retirees will be eligible
for no more than two payments per family per year. Wellness program requirements and
incentives may be modified, by policy, at the City’s discretion. Such payment shall be
made by check and is taxable income subject to normal payroll deductions.

D. Fitness Center Reimbursement:

The City will reimburse full-time employees and retirees who are covered by the City’s
health insurance plan for 50% of the annual membership fee for a fitness center up to a
maximum of $200 per employee or retiree. Such payment shall be made by check and is
taxable income subject to normal payroll deductions.

E. Health Insurance for Retired Employees:

An employee who elects to retire and is at least 55 years of age and has the combination
of age and full years of service totaling 75 may remain in the City’s health plan and is
required to pay the premium contribution in effect at the time of retirement. Retired
employees will receive the same insurance benefits as active employees and will be
subject to the same plan changes as active employees. Employees hired on or after
January 1, 2007 will not be allowed to remain in the health plan upon reaching the age of
Medicare eligibility. Upon the death of the retired employee, the surviving spouse and
dependents may remain in the group policy and must continue to make the premium
contribution. This privilege shall terminate if the surviving spouse remarries. This
privilege shall also terminate for the dependent survivors when they no longer meet the
age and eligibility requirements for coverage under the policy. This privilege shall not
exist for persons with eligibility for the City’s health plan pursuant to their own
employment.

Retirees are required to enroll in Medicare B and the Library will continue to provide
insurance and pay for Medicare B. Employees hired on or after January 1, 2007 are not
eligible for Medicare B payments.
Any retiree who takes employment with any other Employer providing medical-hospital insurance coverage equivalent to the Library’s plan shall be taken off the City’s coverage while so employed. The retiree shall be reinstated under the City’s plan upon notice that employment with such subsequent employer has been terminated.

If an employee retires with a single health insurance policy, this retiree will not be allowed to add any spouse or children after retirement. An employee who retires with a family policy will be allowed to add a new spouse or children after retirement.

Any regular full time employee who retires prior to age sixty-five due to physical or mental disability, who has at least fourteen years of continuous service immediately preceding the date of retirement, upon due proof of such disability, may upon request continue in the City's health insurance plan, if such employee pays the City of Racine the entire premium for such insurance at the group rate for a period of one year. This benefit will be extended again during the continuance of such disability for successive periods of one year each, provided written proof of such continuance is submitted to the City within three months immediately preceding the beginning of each such year. The City shall continue to pay the City portion of the health insurance premium at the time of retirement for employees who are forced to retire under such disability and have twenty-five years or more of continuous service and have reached fifty-five years of age.

Upon the death of an active or disability-retired full-time employee, the surviving spouse and dependents may remain in the group policy under the conditions set forth above which were in effect at the time of the employee’s death or disability retirement. This privilege will terminate if the surviving spouse remarries, becomes eligible for insurance through their own employment, or is eligible for Medicaid or Medicare. This privilege shall also terminate for the dependent survivors when they no longer meet the age and eligibility requirements for coverage under the policy.

The above disability provisions shall not apply if the disability is incurred due to performing services while working for another employer.

F. COBRA:

The Consolidated Omnibus Budget Reconciliation Act (COBRA) gives employees and their qualified spouses and dependents the opportunity to continue health insurance coverage under the Library’s plan when a “qualifying event” would normally result in the loss of eligibility. Under COBRA, the employee or dependent pays the full cost of coverage. Written notice of COBRA rights and obligations is provided to employees and dependents.
For purposes of all benefits granted by the Racine Public Library to Racine Public Library employees arising from their employment, the State registered domestic partner of an employee shall be treated identically as a spouse of an employee, except where prohibited by law.

SECTION 5.17  EMPLOYEE ASSISTANCE PROGRAM

The Employee Assistance Program (EAP) is designed to provide professional counseling services to regular full-time library employees and their immediate family members. The services provided are confidential and up to four visits are free of charge. The library is not notified that employees have used the service.

SECTION 5.18  DENTAL & VISION INSURANCE

Full time and regular part time employees shall be entitled to the benefits of group dental coverage which provides for full or partial payment of employee and family dental care. Full time and regular part time employees shall be entitled to the benefits of group dental coverage which provides for full or partial payment of employee and family dental care via a Basic Plan and an Advanced Plan. Those employees who are enrolled in the City's health insurance will automatically be enrolled in the City's Basic Plan, which provides coverage only for the employee. At the employee's option for an additional fee, coverage can be upgraded to include family members and/or being switched to the Advanced Plan. Dental coverage shall become effective on the first day of the calendar month following the successful completion of one full calendar month of employment. Employees may change their coverage selection or enroll in or cancel coverage during an annual open enrollment period. Applicable benefits are as set forth in the Summary Plan Description available from the Human Resources Department.

Full time and regular part time employees are also entitled to participate in a voluntary vision plan. Employees shall pay via payroll deduction the full amount for the premium. A plan description is available for review in the Human Resources Department.

SECTION 5.19  FLEXIBLE BENEFITS/SECTION 125 PLAN

Eligible employees can elect to participate in the Flexible Spending Account and Dependent Care Account. These plans allow employees to pay for health care and dependent care expenses with pre-tax dollars. There are rules governing maximum amounts of payroll deductions and reimbursement procedures. A form must be completed each year during the open enrollment period for enrollment in the plans.
SECTION 5.20  LIFE INSURANCE

Eligible regular full-time and regular part-time employees will be provided with Basic Life Insurance under the Wisconsin Public Employers Group Life Insurance Program administered by the Department of Employee Trust Funds. The library shall pay 100% of the premium for the basic coverage. The amount of insurance in force is equal to the amount of earnings reported to the Wisconsin Retirement System in the previous calendar year rounded up to the next higher thousand. Additional insurance is available and shall be paid for by the employee via payroll deduction.

Spouse and dependent coverage is available to employees covered by the Basic plan and provides term insurance for an employee’s spouse and/or dependent(s). Coverage is at the employee’s option and shall be paid for by the employee via payroll deduction.

SECTION 5.21  WISCONSIN RETIREMENT FUND

Employees hired prior to July 1, 2011, and who were expected to work a full year and at least 600 hours, were automatically enrolled in the Wisconsin Retirement System (WRS), the library’s pension program, effective on the date of hire.

Employees hired on or after July 1, 2011, and who are expected to work a full year and at least 1200 hours, shall automatically be enrolled in the Wisconsin Retirement System effective on the date of hire.

Once enrolled in the WRS, an employee must remain in the system while employed and be subject to its rules and regulations even if their hours fall below 600 or 1,200 hours per year.

Employees shall contribute a percentage of earnings on a pre-tax basis to the Wisconsin Retirement System. The contribution rates can change from year to year as established by the WRS.

The library will also contribute to the Wisconsin Retirement System for each employee enrolled in the fund based on figures supplied by the WRS.

Additional information regarding the Wisconsin Retirement System is available from the Department of Employment Trust Funds (ETF).

SECTION 5.22  DEFERRED COMPENSATION

Employees may elect to defer a specified amount from each paycheck into a Deferred Compensation plan. The amount deducted from each paycheck shall be deposited by the library
to the account of the employee for accumulation and earning under the deferred compensation plan provided by the agency selected by the employee. Deferred compensation is fully funded by the employee; the library makes no contributions.

The library will periodically allow recognized deferred compensation program agencies to meet with employees to assist them in determining their voluntary participation by facilitating any predetermined payroll deduction and by keeping records of such deductions.

SECTION 5.23 STAFF CONTINUING EDUCATION POLICY

The Racine Public Library endeavors to meet the Wisconsin Public Library Standards by providing that key employees have opportunities to attend relevant continuing education programs. Further, professional library staff is expected to stay informed of library trends and issues by becoming involved in professional associations and by attending national library conferences, state library conferences, and other workshops and programs as funds are available, with the continuing goal of providing excellent service to the public.

Conferences, Workshops, Classes Related to Current Position

If a state or national conference is located in a city within a two-hour drive, all staff should be encouraged to attend for at least one day.

To meet the standards, the library shall reimburse the employee at 100% of expenses for conferences and workshops, including registration and travel. When a workshop is one day or less, employees will not be reimbursed for meals unless the meal is part of the workshop. All requests to attend conferences, online classes and workshops shall be approved by the department head and Executive Director. Travel to and attendance at workshops and conferences shall be considered work time (up to 8 hours per day).

Staff will be reimbursed for the full cost of single hotel rooms (or double, when two staff members are rooming together) when overnight travel is required when going to a seminar, conference, or convention where, due to reserving large blocks of rooms, there is little or no choice of accommodations. When the employee has a larger choice of accommodations, the employee will be reimbursed at actual cost or the per diem lodging rate, whichever is less. The Racine Public Library is tax-exempt and employees qualify for the state rate for hotels within Wisconsin.

Employees will travel the most economical way, either driving or flying (coach rate). If an employee travels any other way, they will be reimbursed the cost of a coach flight or the actual cost, whichever is less.

Meals and incidental expenses (M&IE) for staff travel (more than one day) will be reimbursed at the current IRS per diem rate or actual cost, whichever is less. The cost of any alcoholic beverages
will not be reimbursed. Meals for conferences or workshops lasting one day or less will not be reimbursed unless the meal is part of the workshop.

The per diem rates for lodging and meals and incidental expenses (M&IE) will be taken from IRS Publication 1542, using the high-low method, at the time the travel takes place. These rates may be obtained ahead of time from the Business Office. They are also available on the web at (www.irs.gov/publications/p1542/ar02.html#d0e359).

Staff will also be reimbursed for telephone calls back to the library.

**Membership Dues**

The library will pay 50% (fifty percent) of membership dues for professional associations on behalf of regular full-time staff.

**Technology**

The library currently uses Sirsi for the online computer catalog and circulation system, SkyRiver as the bibliographic utility, Novell for the Local Area Network, and the Internet. Staff is expected to keep current on these technologies, as well as other uses of technology as may be appropriate to provide excellent library service to the public [see Public Library Standards, Chapter 4, No. 13].

**Mileage Reimbursement Policy**

1. Except as set forth below, mileage for the use of an employee’s personal vehicle on official Library business shall be reimbursed at the allowable IRS rate.

2. Employees who utilize their personal vehicles on travel assignments are responsible to carry liability insurance on said vehicle of no less than $100,000 bodily injury per person, $300,000 bodily injury per occurrence, $50,000 property damage, and $100,000 per person and $300,000 per accident uninsured motorist protection. The City’s insurance coverage will be secondary to the employee’s insurance coverage. Proof of Insurance will be on file in the Business Office and will be updated annually.

3. The mileage reimbursement for attending authorized functions shall begin and end at the Library.

4. All mileage shall be documented showing date, destination, and mileage.

5. Except as set forth below, no auto allowances other than mileage shall be paid as of January 1, 2013.

V-24
As funds permit, the Racine Public Library will make available a scholarship fund (for tuition) from the Continuing Education Endowment for current library employees to improve their qualifications for advancement within the library, including a master’s in library science degree from an ALA-accredited program. Scholarships must be applied for, using an application form, and approved by the Executive Director prior to enrollment. Employees using the scholarship fund must agree to work for the Racine Public Library for a specified timeframe after completing the course, degree or program, and if they leave before that time, the scholarship must be paid back.

If the scholarship is under $1,000, the employee will agree to work for the Racine Public Library for six months. If the scholarship is $1,000 or more, the employee will agree to work for the Racine Public Library for one year. Participation in the tuition reimbursement program does not imply that the employee will be given a different position at a greater rate of pay. Participation in the tuition reimbursement program is also not a guarantee of future employment.

Employees must obtain a grade point average of 3.0 (on a 4-point scale) or the scholarship must be paid back. If more than one application is received, the applications will go to a review board. Employees receiving scholarships will attend class on their own time, schedule to be approved in advance by their supervisor.

SECTION 5.25 WORKER’S COMPENSATION

All who work for the Racine Public Library are covered by the City of Racine’s Worker’s Compensation if they sustain a work related injury. The City is self-insured for Worker’s Compensation. Employees who lose time from work because of occupational injury or disease will receive timely Worker’s Compensation payments from the City in accordance with Wis. Stat. § 102.43. The library reserves the right to terminate employment based on reasonable considerations involving the employee’s ability to perform the essential duties of their job and medical prognosis.

When an employee is injured on the job, the following procedure is to be followed:

1. One copy of the First Report of Injury Form WC-12 and the Employee First Report of Injury Form RWC-03 must be sent to the City of Racine Human Resources Department. A copy of each should be retained in the Business Office. The Human Resources Department will send a copy to the third party administrator and to the Department of Industry, Labor and Human Relations if required.

2. If the employee requires medical attention, the employee must submit to the medical provider City of Racine Form RWC-04, which authorizes treatment, release of medical
records and provides for proper billing. This form must be signed by the employee and witnessed by a supervisor. If medical treatment is delayed beyond the day of injury, a copy of the RWC-04 must be sent to the Human Resources Department.

3. It is the supervisor’s responsibility to notify the Executive Director, who will notify the City of Racine Human Resources Department if an employee misses time off the job beyond the day of injury. Further, it is library policy to provide light duty whenever possible when it is consistent with medical restrictions. The Human Resources Department must be kept informed of light duty and notified when the employee returns to work.

SECTION 5.26 UNEMPLOYMENT INSURANCE

Library employment is covered by Wisconsin Unemployment Insurance laws.

SECTION 5.27 PAID TIME OFF (PTO)

A) This provision applies only to other part-time employees in a position that is normally scheduled for work at least 15 hours per week, but less than the standard hours of full-time employees, and does not include Pages, Professional Substitute Librarians and returning retirees. In lieu of vacation and sick leave, these part-time employees are entitled to Paid Time Off (PTO). PTO provides for the accumulation of paid hours to be used when time is taken off for vacation, sick days, or personal time. Part-time employees begin accrual of PTO from the first day of employment; however, such employees are not eligible to use PTO until successful completion of the first month of their probationary period.

B) PTO is granted under a pro-rata calculation, made on a calendar-year basis, based upon the employee’s annual hours worked as a percentage of full-time employment. The calculation shall be based upon the employee’s hours worked in the prior year. Part-time employees shall be entitled to a pro-rata share of 120 PTO hours per year. Partial hours shall be rounded up to the nearest half-hour. For example, the following calculation shall apply to an employee who worked 1255 hours in the prior year:

\[
\text{Year 1 Hours Worked} - 1255 \\
1255/2080 = 0.6034 \\
120 \times 0.6034 = 72.408 \\
\text{Year 2 PTO} - 72.5 \text{ Hours}
\]

C) During an employee’s first year of employment, the calculation shall be made based upon the hours of the weekly schedule for which the employee was hired.
D) An employee’s full PTO bank shall be in place January 1 of each year. A pro-rata share of 40 PTO hours may carry over from one year to the next. Under no circumstances shall additional PTO carry over from year to year.

E) PTO may be taken for all or part of one scheduled shift without prior notice. PTO may only be used for more than three consecutively scheduled shifts upon approval by the employee’s supervisor and with at least seven calendar days’ advance notice, unless otherwise agreed to by the department head and the employee. If an employee uses PTO for more than three consecutively scheduled shifts without supervisor or department head approval, the fourth and subsequent shifts shall be considered un-paid, unexcused absences unless employee taking such absence furnishes their supervisor with a certificate of illness signed by a licensed physician. Advance requests to use more than two PTO days shall be granted on a first come – first served basis.

F) Except as may be approved pursuant to the flexible scheduling provisions of this Agreement, any other time taken off by part-time employees shall be considered to be an unexcused absence and shall subject the employee to discipline. Notwithstanding the previous sentence, an absence for an employee who has exhausted their PTO bank shall be considered excused if the employee taking such absence furnishes their supervisor with a certificate of illness signed by a licensed physician. However, Paid Time Off must be used for any scheduled hours not worked except in cases of trades/swaps, flexible scheduling, and/or use of other benefit time.
ARTICLE VI. EMPLOYMENT PRACTICES

SECTION 6.01 RULES OF CONDUCT

The Racine Public Library has established a certain number of rules, which it has and shall add to over time, to govern conduct while at work. Any employee who violates any library policy, procedure, rule, or regulation, whether written or unwritten, shall be subject to disciplinary action which may include verbal warnings, written warnings, suspension with or without pay, work restrictions, termination or any other form of discipline deemed necessary. The nature of the discipline will depend upon the nature and severity of the violation and the surrounding circumstances.

The following are rules of conduct employees of the Racine Public Library are expected to adhere to in the course of their employment. Individual departments may have work rules that differ from these and employees are expected to know and follow those policies as well.

SECTION 6.02 ATTENDANCE/PUNCTUALITY POLICY

Employees are expected to be at work and on time every day they are scheduled to work unless otherwise excused.

Regular attendance, reporting for work on time, and working to the end of the work period is expected of each employee. Unsatisfactory attendance, including reporting late, or quitting early, may be cause for disciplinary action up to and including discharge.

1. Except for bona fide emergencies (where the employee has no prior knowledge and no control over circumstances), employees who are running late need to call their work area and either speak with or leave a message for their supervisor no later than 10 minutes after the start of the scheduled hours. In situations where the employee’s absence will negatively impact public service, the Department Head should be contacted with enough time to obtain coverage.

2. Reporting Absences/Tardiness: An employee who is absent from work must call their immediate supervisor or the Department Head as soon as possible, but no later than ten minutes after the established starting time. The employee must indicate an anticipated return to work date at that time. If the return to work date changes, the employee must immediately notify their supervisor or Department Head of the new date. Employees must personally call in each day they are absent unless previous arrangements are made with their supervisor to cover such situations such as surgery, hospitalization, long recuperation, or similar circumstances. Employees who fail to notify their supervisor or
Department Head of an absence or tardiness may result in discipline. Employees who miss work due to tardiness will not be paid for lost time nor will they be allowed to make the time up.

3. Leaving During Working Hours: Other than Department Heads and supervisors, all other employees must obtain permission from their supervisor or Department Head or senior regular full-time staff person, or Librarian In Charge (LIC) if supervisor or Department Head is unavailable prior to leaving during work hours (except for meals and breaks), unless the need to leave is due to an emergency (where the employee has no prior knowledge and no control over circumstances). Failure to do so in a nonemergency situation may result in disciplinary action. In an emergency, the employees must notify someone prior to leaving library premises and contact their supervisor as soon as possible.

4. Absence from work for more than three consecutive working days without notification of either the employee's supervisor or the Executive Director may be grounds for immediate discharge.

5. Employees who are absent from work due to illness or injury for more than three consecutive work days will be required to submit a certificate of illness signed by a licensed physician upon request, and a release to return to work signed by a licensed physician in some cases prior to being permitted to return to work. If the employee’s time off was a covered FMLA absence, then return to work provisions under the FMLA policy will apply.

6. In the case of suspected abuse of sick leave, or to determine fitness for duty, the library may request a doctor’s excuse or fitness for duty certification at any time.

7. The employment relationship shall be broken and considered a resignation if an employee:
   a. Is absent from work for three (3) consecutive workdays without notification;
   b. Fails to report to work within ten (10) days after having been recalled from layoff; or
   c. Fails to report for work at the termination of an authorized leave of absence.

8. FMLA absences are considered approved time off and not counted against an employee for disciplinary purposes.

Employees of the Racine Public Library are expected to conduct themselves in a courteous and efficient manner toward the public and their fellow employees. The library shall accommodate, whenever possible and appropriate, victims of violence who need adjustments to their work schedule, location or working conditions in order to enhance their safety. Management is expected to offer support to victims of workplace and domestic violence, which should include encouragement to use the services of the library’s Employee Assistance Program (EAP). In addition, management shall use their discretion to grant a victim leave time for medical, court, or counseling appointments related to trauma and/or victimization, with such options as flex scheduling, vacation leave, sick leave, and leave without pay.

G. **Reporting Responsibilities and Retaliation:**

1. All library employees have a responsibility to notify the police department of the presence of a concealed or unconcealed weapon in all places where such weapons are prohibited.

2. All library employees have a responsibility to notify their immediate supervisor of any intimidating, threatening behavior, or acts of violence that they witness on the part of employees, former employees, customers and strangers, or have been told that another person has witnessed or received.

H. **Responsibilities of the Racine Public Library:**
The Racine Public Library shall create and maintain a workplace designed to prevent and manage workplace violence. This shall be done by developing a comprehensive workplace violence prevention and management program. The library shall provide training for supervisors and managers so that they will be recognize signs of potential workplace violence, be able to communicate a procedure for reporting policy violations, offer support for victims as well as provide consequences to perpetrators of workplace violence, and understand their legal obligation to act.

I. Inspections:

In order to pursue its investigation of incidents of workplace violence, the library reserves the right to enter or inspect employee work areas including, but not limited to, desks and computer storage media, with or without notice. Under conditions approved by management, telephone conversations may be monitored, voice mail messages may be retrieved, and email messages checked.

SECTION 6.05 DRUG FREE WORKPLACE POLICY

It is the policy of the Racine Public Library to provide a drug-free workplace for all of its employees. The library requires that employees neither use nor be under the influence of drugs, intoxicants, alcohol, narcotics or any other controlled substance(s) and that a zero tolerance standard shall prevail in the workplace. The library recognizes the importance of maintaining a safe, efficient and healthful workplace, as well as the social responsibility to provide assistance to its employees to the extent possible. Therefore, employees are expected to report to work free from any alcohol or controlled substances that could inhibit their ability to perform their duties.

A. Reporting of Drug Conviction:

As required by the Drug Free Workplace Act, Public Law 100-690, Title V, Subtitle D, all library employees are hereby notified that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance, alcohol or drug paraphernalia is strictly prohibited in the workplace. Furthermore, this law makes it a condition of employment that all library employees abide by the Drug and Alcohol Free Workplace Policy. The employee must notify the library (immediate supervisor or the Executive Director or the City of Racine Human Resources Director) of any drug statute conviction for a violation occurring in the workplace no later than five (5) days after such a conviction. Within ten (10) days of receiving such notice of conviction, the library will notify the appropriate federal contracting or granting agency as required. The Federal law requires this action.

An employee's failure to abide by the terms of the above paragraph will result in disciplinary action up to and including termination of employment. The actual action taken will be based upon the seriousness of the offense, the employee's past employment
record, and the employee's willingness to participate in drug or alcohol abuse assistance or rehabilitation program.

SECTION 6.06 DRUG AND ALCOHOL POLICY

The library recognizes that the use and/or abuse of illegal drugs and/or alcohol, as well as the abuse of prescribed medications, can have a significant impact on the workplace in terms of safety, worker’s compensation claims, sick pay benefits, absenteeism and productivity. The library also recognizes the legal duty to provide a safe workplace. Moreover, the library is concerned about the health and well-being of those employees who use and/or abuse drugs and/or alcohol. In all cases where on-duty impairment an employee by alcohol or drugs is suspected, it shall be the responsibility of the employee’s supervisor to assure that the employee safely returns home after any actions under this section are taken.

A. Policy Statement:

It is the library’s policy that employee use, manufacture, distribution, possession or sale of illegal drugs at any time, and on the job use of or impairment by drugs and/or alcohol is prohibited. The library will subject its employees to drug and/or alcohol testing as set forth in this policy.

This policy supplements the library’s D.O.T. (Department of Transportation) drug and alcohol testing policy covering employees who have a CDL (Commercial Driver’s License) and are regularly or occasionally operating a commercial motor vehicle as defined by D.O.T. regulations and will apply to situations not covered under that policy. For employees covered under the D.O.T. drug and alcohol testing policy, in the event a more restrictive provision applies under the already existing policies, the more restrictive provision will apply.

B. Types of Testing:

1. Pre-Employment Testing – Every applicant for regular full-time or seasonal employment will be required to undergo and pass a drug test before they may commence employment at the library. Each job applicant will be advised that a drug test will be required as a part of a pre-placement examination and that any job offer is contingent upon successful passage of that test.

2. Reasonable Suspicion Testing – If at any time the library determines there is reasonable suspicion that an employee is under the influence of drugs and/or alcohol, the employee will be required to submit to a drug and/or alcohol test. Reasonable suspicion will be determined by two supervisors, if available. However, one supervisor may determine whether there is reasonable suspicion if no other supervisor is immediately available or the supervisor determines circumstances dictate the determination by one supervisor. Reasonable suspicion will be based upon observable actions, alone or in conjunction with other factors including, but not limited to:
a. Dangerous or accident-prone conduct;

b. Decreased job performance which is unexplained;

c. Unexplained increased absenteeism;

d. Complaints from coworkers and other problems with interpersonal relations;

e. Drug-related signs such as paraphernalia;

f. Reduced short-term memory; and,

g. Physical symptoms such as bloodshot eyes, dilated pupils, stuffy or runny nose, anxiety, breath and body odor from alcohol, and/or inability to concentrate.

3. Post-Accident Testing – If an employee is involved in an accident while on duty, the library may require post-accident testing. The library will require testing if any of the following have occurred:

   a. The employee was performing a safety-sensitive function as defined under the library’s D.O.T Drug and Alcohol Policy;

   b. An accident involving bodily injury or fatality;

   c. An accident involving significant property damage; and,

   d. A citation is issued to the employee under State or Local law for a moving traffic violation arising from the accident.

4. Random Testing – Pursuant to the Omnibus Transportation Employee Testing Act of 1991, all employees required to hold commercial driver’s licenses shall be required to participate in random drug and alcohol testing. Testing shall be conducted in accordance with library policy.

5. Return-To-Duty Testing – Any employee found to have violated this policy will be required to test prior to returning to duty, and then randomly thereafter, for a one year period.

C. Disciplinary Procedures:
Any employee who tests positive for any illegal drugs or controlled substances, except medication taken as prescribed, will be subject to discipline up to and including discharge. No employee who tests positive for any illegal drugs or controlled substances, except medication taken as prescribed, will be allowed to work until that individual has successfully completed assessment and/or treatment as described below and has been certified by a qualified physician as free from the use of drugs, or in the case of a positive suspicion test for prescribed drugs, that there is no impairment. In the event of a reasonable suspicion test for alcohol, an employee will be subject to discipline up to and including discharge as the result of a positive test for alcohol which reveals a blood alcohol content of .04 or greater. Where more restrictive standards are already established under the library’s D.O.T Drug and Alcohol Testing Policy, these standards will apply for purposes of discipline.

D. **Employee Consent to Testing:**

Each employee or applicant directed for testing will be required to submit to testing. If the employee or applicant refuses to complete and sign the chain of custody form at the collection site or if the employee/applicant refuses to provide the specimen for testing, such refusal will constitute grounds for termination. Providing an adulterated sample will result in immediate termination.

E. **Supervisor’s Role/Responsibilities:**

1. The supervisor or supervisor representative is to transport the employee to the collection site for drug and/or alcohol testing immediately, but no later than eight (8) hours after having determined that there is reasonable suspicion to believe that the employee is using or is under the influence of alcohol or drugs. If the alcohol test is conducted more than two (2) hours, but less than eight (8) hours after the supervisor makes such reasonable suspicion determination, the supervisor will complete a report explaining the reason for the delay in conducting the drug or alcohol test. The supervisor or their representative is to wait at the clinic with the employee until the breath test has been completed or the urine sample has been taken, and then return the employee back to the employment site.

2. Once the alcohol testing has been completed and a positive confirmatory test result has been received, the employee will not be permitted to drive their own vehicle home at that time. The employee must make alternative transportation arrangements in order to leave the employment site.

3. The employee is to be advised not to report for work as they will be placed on administrative leave without pay. If the urine test has been administered, the library will contact the employee once the test results are known and a decision has been made as to the employee’s status.
4. The results of the drug or alcohol testing will be sent directly to the City of Racine Human Resources Department. When the results are obtained, the employee’s supervisor and department head will meet with the Executive Director and the City of Racine Human Resources Manager to determine the appropriate course of action to be taken. This is a confidential process. Test results will be held strictly confidential and are not to be discussed or shared with anyone who does not need to know. Likewise, a supervisor must not discuss the suspected reason for a referral or discipline action with anyone who does not need to know.

5. Once the test has been completed and the employee has been sent or taken home, the supervisor must submit a written report to the Executive Director and the City of Racine Human Resources Manager outlining, in detail, the event and the behavior observed that led the supervisor to believe the employee was under the influence of alcohol and/or drugs. This report must be done within 24 hours of the testing. This information will assist the Executive Director and the City of Racine Human Resources Department in assessing the appropriate discipline to be considered.

F. Collection of Specimens:

Specimens to be tested will be urine in the case of a drug test and breath in the case of a test for alcohol where there is reasonable suspicion of alcohol use or impairment on the job. The library respects its applicants and employees and therefore subscribes to the collection protocol set forth by the Department of Health and Human Services (DHHS) which protects the privacy and confidentiality of the donor. This protocol allows for the submission of the specimen under closely structured conditions but behind either a closed door or privacy partition.

G. Custody and Control Form:

All specimens will be processed and monitored by way of an approved Custody and Control form which is used to track the specimen from point of submission to point of destruction. Employees will be required to sign the chain of custody form. Failure to do so will result in discipline up to and including discharge.

H. Laboratory Aspects of Drug Testing:

In order to assure our applicants and employees the greatest accuracy and confidentiality, all drug testing is to be conducted by a laboratory certified by DHHS and will be conducted in two parts: a) screening for five classes of drugs by EMIT testing procedures (amphetamines, benzoylecognine – cocaine, opiates, PCP, THC-marijuana, and (2) confirmation by GC/MS. However, the library reserves the right to perform tests for other illegal substances as well. No specimen will be considered “positive” until it has been confirmed at the cut-off levels established by DHHS. In the event that no such
levels have been established for that drug, the library will rely on the laboratory and its consultants to establish a forensically accepted level.

I. Reporting Results:

All positive drug test results will be first reported to the Medical Review Officer (MRO). If the specimen is positive, the MRO will attempt to contact the employee at the daytime number provided at the time of the urine submission for the purpose of discussing the test results. Should the MRO fail to make contact on that attempt, they may contact the library to ask for assistance in reaching the employee. If the MRO does not make contact within an additional maximum of five days or if the result appears to create immediate safety concerns, the MRO may disclose the results to the library prior to speaking with the employee. The library reserves the right to immediately remove that employee from active duty until such time as the MRO is able to make contact and provide a final result. If the employee is able to provide substantiation of legitimate use when reached by the MRO, the positive result will be reported the library as negative. If no legitimate reason for the positive result is found, that positive result will be provided to the library.

J. Prescription Medications:

Nothing in this policy prohibits the appropriate use of prescription medication legally prescribed by a licensed physician. However, it is the employee’s duty to discuss any effects which that medication may have on one’s ability to safely perform their job and to inform the library of any adverse effects. Failure to do so may result in discipline up to and including discharge.

K. Employee Assistance:

1. In the Event of a Positive Test -

The library has a primary interest in the safety, health, and well being of its employees as well as the public and supports those who make a commitment to resolving their substance abuse problems. In the event of a positive test, the library may offer the employee an opportunity to enter a treatment program in lieu of termination. If the library determines that a treatment option will be offered, the library will provide a list of Substance Abuse Professionals (SAP) available to the employee for assessment and/or treatment. Although such assessment and/or treatment is conducted at the sole expense of the employee or their insurance carrier, the library requires that certified SAPS actively involved in the substance abuse field be utilized.

An employee who is allowed and selects treatment will comply with all requirements of that program to completion before they will be allowed to return to work. Failure to do so or failure to make every effort at rehabilitation will constitute grounds for termination. The library will request updates from the
treat the ongoing compliance with the recommended treatment. Further, as a condition of return, the employee will be required to submit, on demand, a urine sample for analysis for a period of up to sixty (60) months. The number and frequency of such specimens is determined by the library at its sole discretion. A positive test during or following the monitoring period will result in immediate termination without further consideration of future employment. The library may, at its sole discretion, elect to offer special consideration to any individual who comes forth voluntarily as opposed to those who are detected through the regular testing process. Reinstatement after a positive test, if permitted at all, will be permitted only one time. Reinstatement, if permitted will be conditioned upon the individual signing an agreement acknowledging that they will be terminated upon a subsequent violation of this policy.

2. Voluntary Treatment – Employee Assistance Program –

Consistent with the library’s philosophy that its employees are its most valuable resource, the library is willing to recognize and provide assistance to those employees whose use of alcohol or controlled substances may be the result of a problem such as alcohol or chemical dependency. Accordingly, the library encourages all employees who may have a problem with alcohol or substance abuse to voluntarily come forward and work with the library in resolving the problem. To accomplish this goal, the library offers an Employee Assistance Program (EAP) which employees may use for referral, counseling, and consultation. Employees who voluntarily come forward and admit to a substance abuse problem will be referred to the EAP for the purpose of undergoing an assessment and the development of an appropriate treatment and rehabilitation program. However, participation in the library’s EAP does not protect the employee from discipline for violations of this policy, including the right to determine the appropriate level of discipline to impose.

3. Confidentiality –

Results of all drug/alcohol tests will be kept separate from personnel files and treated as confidential information and access to such results shall be limited. Results will not be communicated to others outside of the employee’s direct supervisory chain except where necessary in connection with any rehabilitation or use of the EAP in relation to the drug/alcohol test.
PURPOSE

In order to comply with the Federal OSHA Hazard Communication Standard 29 CFR 1910, Wisconsin Employee Right-to-Know Law (1984), and Wisconsin Statutes 101.58-101.599, the following written Hazard Communication Program has been established for the Racine Public Library. The purpose of this policy is to ensure that:

1. Hazardous substances present in the work place are identified and labeled.
2. Employees have ready access to information on the hazards of these substances.
3. Employees are given information on how to prevent injury or illness due to chemical exposure.

I. POLICY

This written program applies to all work operations in the organization where employees may be exposed to hazardous substances under the normal working conditions or during emergency situations. Under this program, employees will be informed of the contents of the Hazard Communication Standard, the hazardous properties of chemicals with which they work, safe handling procedures, and measures to take to protect themselves from these chemicals. Employees will also be informed of the hazards associated with non-routine tasks as they come in contact with them.

A. Responsibilities

The Human Resource Manager has overall responsibility for the program and is responsible for:

- Reviewing and updating the program to ensure that it satisfies the requirements of all applicable local, state and federal hazard communication requirements.
- Maintaining a master file of material safety data sheets (MSDS).
- Maintaining copies of the records of all employees included in the training sessions.

Department heads and supervisors are responsible for:

- Coordinating initial and new chemical training of employees on the Hazard Communication program.
- Reviewing incoming chemical materials to verify correct labeling.
- Contacting vendors to obtain material safety data sheets on chemical products.
• Forwarding copies of material safety data sheets to Human Resource Department.
• Maintaining and updating master MSDS files and sheets for all chemicals used in their work environment.
• Responding to any employee concerns or request for information.
• Ensuring that all primary and secondary containers are properly labeled.
• Ensuring employees use chemical products consistent with their intended use.
• Informing outside contractors who are performing work on Racine Public Library property about potential hazards.
• Providing on-going training as new chemicals are introduced into the work site.

All employees are responsible for:

• Following directions in the use and handling of all chemicals as prescribed on the material safety data sheets and instructed by the supervisor.
• Becoming familiar with the information on the material safety data sheets.
• Notifying their supervisor of any condition which may have an adverse impact on employee safety/health.

Outside personnel (Contractors, etc.):

• Department heads and supervisors will advise contractor supervisory personnel of the nature of the hazardous chemicals they may encounter in doing work on Racine Public Library premises. MSDS’s will be use/provided as appropriate for this purpose. Contractor supervisory personnel will also be informed that they are required by OSHA regulations to instruct their employees relative to hazardous chemicals they use.

B. Hazard Analysis

Each chemical in the workplace shall be evaluated for hazardous properties.

• Hazardous properties include toxicity, corrosivity, irritation effects, sensitization potential, flammability, instability, oxidizing effects and reactivity.
• Resources to be used in the hazard review include vendor MSDS’s and other internal and literature sources.

C. Material Safety Data Sheets (MSDS)

A material safety data sheet (MSDS) is a technical report that explains how to use, handle and store chemicals safely. There is no standard format used for MSDS’s, but what is consistent on them is the information which must be contained on a MSDS. The Human Resource Manager will maintain a binder in the Human Resource Department with a MSDS on every substance on the list of hazardous chemicals. The MSDS will be a fully completed OSHA Form 174 or equivalent. The Department Head/Supervisor will ensure that each
department maintains a MSDS for each hazardous material in their particular area(s). MSDS’s will be made readily available to all employees during their shifts.

D. List of Hazardous Materials

An inventory of hazardous substances has been compiled. The master inventory list is kept in the Human Resource Department. The list is readily available and accessible for review. The Department Head/Supervisor is responsible for maintaining the master list of hazardous substances and updating the list as necessary. One list of chemicals identifies all of the chemicals used in each of the various departments and is available in each department. Each list also identifies the corresponding MSDS for each chemical. A master list of these chemicals will be maintained by, and is available from, the Building Complex/Facilities Manager. Further information on each listed chemical can be obtained by reviewing the MSDS’s.

E. Labeling

Container labels are the first and easiest place to look to see if the material an individual is working with is hazardous. Labels can quickly inform people what they need to know in order to properly protect themselves.

F. Employee Training

The Hazard Communication Standard requires that employers provide employees with information regarding hazardous chemicals in their work area. All affected employees will be trained and informed at the time of initial assignment on the Hazard Communication Standard and whenever a new hazard is introduced into the work place. Department heads and supervisors will be trained regarding hazards and appropriate protective measures so they will be available to answer questions from employees and provide daily monitoring of safe work practices.

Objectives of the employee training program are as follows:

- Increase employee awareness of chemicals and other hazardous materials in their work area.
- Teach employees how to read material safety data sheets.
- Detail the Hazard Communication Standard pertaining to employees and their workplace environment.
- Assist employees in understanding standard and in-house labeling systems.
- Instruct employees regarding the hazards involved with non-routine tasks.

Before exposure to a chemical, each new employee, who is exposed or potentially exposed to hazardous chemicals, will receive information and training that includes the following:
• Employees will have access to the written Hazard Communication Program and informed of its location.
• Employees will be trained to read and understand material safety data sheets, including: chemical and physical properties of hazardous materials (i.e.: flash point, reactivity); physical hazards of chemicals (i.e.: potential for fire, explosion); and health hazards, including signs and symptoms associated with exposure to chemicals and any condition known to be aggravated by exposure to the chemical.
• Employees will be instructed where material safety data sheets are located.
• Employees will be trained to read and understand a label.
• Employees will be trained in how to handle hazardous chemicals used in their work area and chemicals encountered when performing non-routine tasks.
• Employees will be trained in the proper use, storage, and handling of personal protective equipment.
• Employees will be instructed on work procedures to follow to assure their protection when cleaning hazardous chemical spills and leaks.
• Employees will be instructed where medical supplies and safety equipment are kept.

The Human Resource Manager will review the training program on an annual basis and determine the appropriate levels of training and re-training. Retraining is required when the hazard changes or when a new hazard is introduced into the work place. It will be the Racine Public Library’s policy to provide training regularly to ensure the effectiveness of the program. As part of the assessment of the training program, employee input will be obtained regarding the training they have received and their suggestions for improving it.

G. Hazardous Non-Routine Task

Periodically, employees are required to perform non-routine, hazardous tasks (i.e.: cleaning tanks, entering confined spaces, etc.). Prior to starting work on such projects, each affected employee will be given information by their supervisor about hazardous products to which they may be exposed during such activities. This information will include:

1. Specific chemical hazards and review of specific MSDS.
2. Protective safety measures the employee can take.
3. Measures the Racine Public Library has taken to reduce the hazards, including but not limited to: ventilation, respiratory protection, presence of another employee, and the establishment of emergency response procedures.

H. Contractors

It is the responsibility of the department head to provide any outside contractors who are working for the affected department with the following information:

1. Hazardous chemicals which the contractors and their employees may be exposed to while on the job site.
2. Precautions the employees may take to reduce the possibility of exposure, such as using appropriate protective measures and proper handling procedures.

The department head will be responsible for contacting each contractor before work is started in the department to gather and disseminate any information concerning chemical hazards that the contractor is bringing into the work place.

I. Recordkeeping

All material safety data sheets will be kept for a period of thirty (30) years after the use of the product has been discontinued. In addition, all inventory lists will be kept for a period of thirty (30) years. A master list of MSDS’s is available from the Human Resource Department.

J. PROGRAM EVALUATION

The program shall be evaluated on an annual basis by the Coordinator or designated personnel.

SECTION 6.08 DRUG AND ALCOHOL POLICY – D.O.T. COVERED EMPLOYEES

The Racine Public Library recognizes that the use and/or abuse of alcohol or controlled substances by drivers of commercial vehicles presents a serious threat to the safety and health of the driver and the general public. It is the policy of the Racine Public Library that its employees who perform safety sensitive functions should be free of alcohol and drugs. In order to further the library’s goal of obtaining an alcohol-free and drug free transportation system, and to comply with the Omnibus Transportation Employee Testing Act of 1991, the Racine Public Library implemented a drug and alcohol testing program which is designed to help reduce and avoid traffic accidents and injuries to employees and the general public, to discourage alcohol and substance abuse, and to reduce absenteeism, accidents, health care costs, and other alcohol and drug-related problems. In all cases where on-duty impairment an employee by alcohol or drugs is suspected, it shall be the responsibility of the employee’s supervisor to assure that the employee safely returns home after any actions under this section are taken.

A. Purpose:

The Department of Transportation (DOT) and the Federal Highway Administration (FHWA) have issued Federal Regulations (49 CFR Parts 40 and 382) implementing the provisions of the Federal Omnibus Transportation Employee Testing Act of 1991, which requires alcohol and controlled substance testing of drivers who are required to have a commercial driver’s license. These Regulations include detailed procedures for breath alcohol testing and urine drug testing of employees in safety-sensitive positions. The purpose of this policy is to establish an alcohol and controlled substances testing program to help prevent accidents and injuries resulting from the misuse of these substances by
drivers of commercial motor vehicles. Consequently, the Racine Public Library has established the following alcohol misuse and drug prevention program, as well as the subsequent enforcement of violations, for its employees conducting safety-sensitive job functions (Employees should also refer to the library’s “Drug and Alcohol Policy,” which addresses the strict enforcement of workplace controlled substances and alcohol usage).

B. **Coverage:**

For purposes of this policy, the Racine Public Library and the DOT strictly prohibit the use of alcohol and/or controlled substances by its employees and volunteers with Commercial Drivers Licenses (CDL) who are actually performing, ready to perform or immediately able to perform, or ceasing to perform, the following safety-sensitive job functions:

1. Operation of a commercial motor vehicle;
2. Repair and maintenance of a commercial motor vehicle that requires road testing the vehicle on a public highway;
3. Supervisors and managers on stand-by duty to perform a safety sensitive job.

C. **Prohibited Conduct:**

Library policy and federal regulations prohibit employees from engaging in the following conduct:

1. Using, possessing, dispensing, distributing, or receiving alcohol, intoxicants, illegal drugs or other controlled substances on library premises, or while engaged in library business, except for special events at the library where alcohol may be legally served and consumed with appropriate permits.
2. Reporting to work under the influence of alcohol, intoxicants, illegal drugs, or other controlled substances in their system;
3. Reporting to work under the influence of a prescription drug, unless the employee’s physician determines that the use of the prescription drug will not adversely affect the employee’s ability to perform a safety-sensitive position. Note that the federal regulations include prescription medications containing alcohol in the substances banned from use in the workplace. Therefore, employees should not report for duty while taking prescription medication if such medication contains any measurable amount of alcohol;
4. Consuming any amount of alcohol, intoxicants, illegal drugs, or other controlled substances while on duty or within four (4) hours of reporting for duty; or
5. Refusing to undergo or cooperate in any required alcohol or controlled substances testing required by this policy;

6. Knowingly disregarding the requirements of this policy, or who is found to deliberately misuse the policy in regard to subordinates as the library is dedicated to assuring a fair and equitable application of this substance abuse policy;

7. Providing false information in connection with a test, or who is suspected of falsifying test results through tampering, contamination, adulteration, or substitution.

Any employee who violates any of the rules set forth above shall be subject to discipline, up to and including termination.

D. Required Tests:

Refusal to take a required test shall result in removal of that employee from their assignment(s) which, in turn, may result in discipline, up to and including discharge.

Testing must be conducted in the following situations:

1. Pre-employment - Any individual not currently employed by the library who is applying for a safety-sensitive position, shall be required to undergo drug and alcohol testing after a conditional offer of employment has been made.

Prior to the first time an existing employee performs safety-sensitive functions for the department (i.e., new position, job transfer, promotion, new duties, etc.), the employee shall be required to undergo testing for alcohol and controlled substances. A positive test will result in a disqualification from further consideration for the vacancy or eligibility list.

2. Reasonable Suspicion Testing –

   a. In a situation where an employee is either acting in an impaired manner or the supervisor has reasonable suspicion to believe the employee is using or is under the influence of alcohol or drugs, the supervisor may, but need not, seek a corroborating opinion from another supervisor or manager prior to immediately removing the employee from the job and sending the employee for drug and alcohol testing.

   b. Once the employee has been removed from the job, the supervisor shall contact the Executive Director and the City of Racine Human Resources Department. If contact cannot be made at that time, the supervisor shall proceed through the next step of this procedure and make contact with the
Executive Director and the City of Racine Human Resources Department as soon thereafter as possible.

c. The supervisor shall then transport the employee to the collection site for drug and/or alcohol testing immediately, but no later than eight (8) hours of having observed the behavior. If the drug or alcohol test is conducted more than two (2) hours, but less than eight (8) hours after the supervisor determines there is a reasonable suspicion to believe the employee is under the influence of alcohol or controlled substances, the supervisor will complete a report explaining the reason for delay in conducting the drug or alcohol test. The supervisor shall wait at the clinic with the employee until the breath test has been completed or the urine sample has been taken.

d. When a breath alcohol test has been used and a positive confirmatory test result has been received (0.02 percent or above), the employee will be discouraged from driving their own vehicle home at that time. The employee should make alternative transportation arrangements in order to leave the collection site or employment site.

e. Once the drug or alcohol testing has been completed, the employee shall be advised not to report for work, as they will be placed on administrative leave without pay. If a blood alcohol or urine test has been administered, the library will contact the employee once the test results are known (this normally takes 24-48 hours) and a decision has been made as to the employee’s status.

f. The results of the drug or alcohol testing will be sent directly to the City of Racine Human Resources Department. When the results are obtained, the employee’s supervisor and department head will meet with the Executive Director and the City of Racine Human Resources Manager to determine the appropriate course of action to be taken. This is a confidential process. Testing results will be held strictly confidential and are not to be discussed or shared with anyone who does not need to know. Likewise, a supervisor will not discuss the suspected reason for a referral or discipline action with anyone who does not need to know.

g. Once the test has been completed and the employee has been sent home, the supervisor will submit a written report to the Executive Director and the City of Racine Human Resources Director outlining, in detail, the event and the behavior observed that led the supervisor to believe the employee was under the influence of alcohol and/or drugs. This report must be done within 24 hours of testing.
3. Random Testing – This test is used in order to eliminate risks associated with illegal or unauthorized drug and alcohol use. Random alcohol and drug testing will be conducted at any period in which an employee is ready to perform or immediately available to perform, is actually performing, or has completed performing safety-sensitive duties. The employee shall be randomly selected for testing from a “pool” of employees subject to testing. The testing dates and times are unannounced and will occur with unpredictable frequency throughout the year.

The selection of employees for random testing shall be administered by an outside agency using a scientifically valid method. This method will be a computer software-based random selection program that is matched with employee social security numbers. A quarterly list of confidential numbers will be generated and forwarded to the City of Racine Human Resources Department in order that it may contact the employee’s supervisor for testing arrangements. Under this selection process, each employee will have an equal chance of being tested each time selections are made. As a result, some employees may be tested more than once each year, while other employees may not be tested at all.

In the event an employee tests positive for either alcohol or controlled substances, the employee shall be subject to disciplinary action up to and including discharge.

4. Post-Accident Testing – Federal requirements mandate that as soon as practicable after an accident involving a commercial motor vehicle where:
   
   a. The accident involved the loss of human life, or
   
   b. The employee receives a citation under State and local laws for a moving traffic violation arising from an accident (49 CFR, Part 382.303).

   The library shall test safety-sensitive employees, who may have contributed to an accident for alcohol and controlled substances.

   The alcohol breath test must be administered within two (2) hours following the accident and the drug test must be administered within 32 hours of the accident.

   An employee who is subject to post-accident testing shall remain readily available for such testing or will be deemed by the library to have refused to submit to testing.

5. Return-to-Duty/Follow-up Testing - This test is used to maintain abstinence and prevent relapse by employees during and after drug treatment. The library shall ensure that before an employee returns to duty requiring the performance of a safety-sensitive job function after engaging in conduct prohibited in this policy,
the driver shall undergo a return-to-duty alcohol and/or controlled substance test with a result indicating an alcohol concentration of less than 0.02 percent and verified negative result for controlled substance use. In any event, an employee shall not be allowed to return to duty without first having participated in some form of treatment/rehabilitation or education and been evaluated by a Substance Abuse Professional (SAP) to determine the employee’s fitness for duty.

Following a determination that an employee is in need of assistance in resolving problems associated with alcohol misuse and/or use of controlled substances, the library shall ensure that the employee is subject to unannounced follow-up alcohol and/or controlled substances testing in consultation with a substance abuse professional. Consequently, the employee shall be given at least six (6) random tests during the 12 month period after returning to duty with the possibility of follow-up testing for up to 60 months after the employee returns to duty.

E. Test Procedures:

The library will use a qualified provider to perform alcohol and drug testing, which will be done on both urine and breath. All drug and alcohol testing shall be conducted in conformance with the procedures and rules establish by the Federal Omnibus Transportation Employee Testing Act of 1991 and its implementing regulations.

The qualified provider will handle taking the sample (in standard collection kits) on a 24 hours basis, utilizing different collection sites when necessary based on the time of day. The qualified health provider will be responsible for ensuring proper transportation from the collection site(s) to a Department of Health and Human Services (DHHS) certified laboratory. Specimen collection shall not be done anywhere but at a library authorized collection site unless specifically authorized by the Executive Director or City of Racine Human Resources Department.

F. Alcohol Testing:

Employees shall be required to submit to breath testing using an approved evidential breath testing (EBT) device. A state-certified breath alcohol technician (BAT) shall administer an initial screening test. If the employee tests positive for alcohol, then the BAT will conduct a confirmation test. The library will take action based only upon the positive results of the confirmation test (0.04 percent or greater). All procedures and steps used in conducting both the initial and confirmation tests will be performed in conformance with the federal law and federal regulations.

1. PREPARATION FOR BREATH ALCOHOL TESTING

The following procedures summarize the procedures established by the Federal Highway Administration regulations implementing drug and alcohol testing under the federal law. These procedures are binding and are subject to change in the
event the FHWA or other government agency changes the regulations on drug and alcohol testing of employees in safety-sensitive positions.

a. When the employee enters the collection site, the BAT will require him or her to provide positive photographic identification (i.e., driver’s license).

b. The BAT will explain the test procedure.

c. Employees will be required to complete and sign various forms used to document the testing process. Refusal to sign the test form(s) will be regarded as a refusal to take the test.

d. Employees will be instructed to blow forcefully into the mouthpiece for at least six seconds or until the EBT indicates that an adequate amount of breath has been obtained.

e. If an employee tests positive during the screening test, they shall not eat, drink put any object or substances in their mouth and, to the extent possible, not belch during the 20 minutes waiting period before the confirmation test is conducted.

f. Refusal by an employee to complete and sign the test form, to provide an adequate amount of breath without a valid medical explanation, or otherwise failure to cooperate with the testing process in a way that prevents the completion of the test shall be considered a disciplinable offense, up to and including termination.

In the event of conflicting results between the initial test and the confirmation test, the confirmation test results will determine the outcome of the test.

2. RESULTS OF A POSITIVE TEST

Any employee who tests positive for alcohol concentrations of 0.02 or higher shall be subject to discipline, up to and including termination.

If a confirmation alcohol test measures 0.04 or greater, the library is required to:

a. Remove the employee from the safety-sensitive position;

b. Before returning the employee to employment, retest to verify that the employee’s alcohol concentration is below 0.02;

c. Refer the employee to the library Employee Assistance Program representative, who will provide the employee with a list of available substance abuse professionals (SAP) from which to choose for assessment
of an alcohol problem and a determination of whether participation in a treatment/rehabilitation program or education is necessary; and,

d. The employee will subsequently be given at least six (6) random tests during the next year with the possibility of follow-up testing for up to 60 months.

If the confirmation test level is between 0.02 and 0.039 percent, the employee will be removed from the safety-sensitive position and either be retested or removed from their position for a minimum of 24 hours.

In the event that an employee is required to comply with breath testing as a result of a law enforcement investigation, the employee must submit to the examination. The test will be considered enforceable for purpose of this policy, if the testing officer is a qualified BAT, and that the EBT that was used for the test has been certified by the State of Wisconsin.

G. Controlled Substances:

The library has established its anti-drug program through its Drug Free Workplace Policy, which strictly prohibits the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance in the workplace. Furthermore, any abnormal conduct that may create a reasonable suspicion that an employee is under the influence of a controlled substance is addressed in the “Reasonable Suspicion Testing” section described previously in this policy.

For purposes of this policy, the library will utilize, according to federal requirements, a five-panel drug screen consisting of the following drugs: Tetrayhydrocannabinol (Marijuana drug), Cocaine, Amphetamines, Opiates (including heroin), and Phencyclidine (PCP).

The library reserves the right to expand the above list if additional drugs are required under federal mandates, or to impose the reasonable suspicion standards of this policy.

Drug testing is conducted by analyzing an employee’s urine specimen (through a DHHS certified testing lab). This procedure shall include the use of a split specimen testing procedure. Each urine specimen is subdivided into two bottles labeled as a “primary” and a “split” specimen. Both bottles will be sent to a certified lab. Only the “primary” specimen bottle is opened and used for the urinalysis. The split specimen bottle remains sealed and is stored at the lab. If the analysis of the primary specimen confirms the presence of illegal, controlled substances, the employee has 72 hours from the time of notification of a positive test result to request the split specimen be retested at the same lab or be sent to another certified laboratory for analysis, at the employee’s expense. An employee who fails to notify the library within 72 hours after receiving notice of a
positive test result of their desire to have the split specimen tested shall be deemed to have waived their right to seek testing of the split specimen.

In some cases, the employee may be unable to provide a urine specimen. After a reasonable waiting period, the employee will be directed to drink up to 40 ounces of liquid, distributed reasonably through a period of up to three (3) hours, or until the employee has provided a new urine specimen, whichever occurs first. If the employee refuses to drink fluids as directed or to provide a new urine specimen, the collection site shall terminate the collection and notify the Racine Public Library that the employee has refused to submit to testing. The Racine Public Library shall direct any employee who does not provide a sufficient urine specimen to obtain, within five business days, an evaluation from a licensed physician acceptable to the library’s MRO concerning the employee’s ability to provide an adequate amount of urine. This physician, who must have expertise in the medical issues associated with the inability to provide an adequate urine specimen, shall determine that:

the employee has, or with a high degree of probability, could have, a medical condition that precluded the employee from providing an adequate amount of urine. The employee’s failure to provide an adequate amount of urine shall not be deemed a refusal to take a test, as long as the medical condition includes an ascertainable physiological condition (e.g., a urinary system dysfunction) or a documented pre-existing psychological disorder, but does not include unsupportable assertions of “situational anxiety” or dehydration, or is unable to make the determination that the employee could have a medical condition and that the employee’s failure to provide an adequate amount of urine shall be regarded as a refusal to take a test.

In either circumstance, the physician shall complete a medical evaluation form provided by the Racine Public Library (see Appendix A), or through other means of documentation, and send it to the library’s MRO for review. Upon receipt of this form and any other documentation, the library’s MRO must review those findings and either cancel the test if there is an acceptable medical explanation for the “shy bladder,” or report in writing to the library’s designated employer representative a “Refusal to Test,” if there is no acceptable medical explanation for the “shy bladder.”

In the case of employees who have a documented long-term or permanent medical condition that makes it impossible for them to provide an adequate urine specimen, the DOT has issued separate procedures for these employees, and only when they submit to a pre-employment, return-to-duty or follow-up test:

If an individual has a documented long-term medical condition that means they cannot successfully take a pre-employment, return-to-duty or follow-up drug test, the MRO should direct that the individual undergo a medical evaluation by a physician to determine if the individual displays any signs or symptoms of drug abuse. The evaluating physician may administer a blood or other test for drugs in
conducting the medical examination. If the examination yields no evidence of drug abuse, the individual is considered to have a negative drug test, and is thus qualified for safety-sensitive duty.

1. PREPARATION FOR DRUG TESTING

The following procedures summarize the procedures established by the Federal Highway Administration regulations implementing drug testing under the federal law. These procedures are subject to change in the event the FHWA or other government agency changes the regulations on drug and alcohol testing of employees in safety-sensitive positions:

a. When the employee enters the collection site, the employee will be required to provide positive photo identification (i.e., driver’s license), and empty their pockets and display the contents to the collector. If the collector sees items that could be used to adulterate or tamper with a specimen, the donor must leave those items outside the toilet area. If the collector discovers items brought with the intent to adulterate a specimen, the collector may conduct the collection under direct observation.

b. Circumstances, if any, which require direct observation or re-collection of a specimen, shall be stated to the employee. Direct observation is required if:

1. previous specimen was Invalid and there is no medical explanation;
2. a previous Positive, Adulterated, or Substituted result was canceled because the split specimen test could not be performed;
3. the collector observed materials brought by the donor with the intent to alter the specimen;
4. the specimen temperature is out of range; or
5. the specimen appears to have been altered.

c. The employee will be instructed to provide at least 45 ml of urine under the split sample method of collection. This will be done in a specifically designated “donor” bathroom.

d. The urine sample shall be divided into a primary specimen (30 ml) and a split specimen (15 ml).

e. If the test result of the primary specimen is positive, the employee may, within 72 hours of notice of a positive test result, request that the Medical Review Officer (a licensed physician employed by the health service provider who is responsible for receiving and interpreting laboratory test results) direct that the split specimen be tested in the same or a different DHHS certified laboratory for presence of the drug(s) for which a positive result was obtained in the test of the primary specimen.
f. An employee shall be removed from the safety-sensitive position pending the result of the test of the split specimen.

g. If the result of the test of the split specimen fails to reconfirm the presence of the drug(s) or drug metabolite(s) found in the primary specimen, the MRO shall cancel the test.

h. Employees will be required to complete and sign various forms used to document the testing and chain of custody process. Refusal to sign the test form(s) shall be regarded as a refusal to take the test.

i. Refusal by an employee to complete and sign the test and chain of custody forms, to provide an adequate amount of urine, or otherwise failure to cooperate with the testing process in a way that prevents the completion of the test will be considered grounds for disciplinary action, up to and including termination.

In the event of conflicting results between the initial test and the confirmation test, the confirmation test results will determine the outcome of the test.

2. RESULTS OF A POSITIVE TEST

Any employee who tests positive for controlled substances shall be subject to discipline, up to and including termination. As with an alcohol misuse violation, the library is required to act upon a positive drug test result in the following manner:

a. Remove the employee from the safety-sensitive position. This removal shall only take place after the employee has been allowed to meet or speak with a Medical Review Officer (MRO) in order to determine that the positive drug test did not result from the unauthorized use of a controlled substance;

b. Refer the employee to the library Employee Assistance Program representative, who will provide the employee with a list of available substance abuse professionals (SAP) from which to choose for assessment and subsequent compliance with recommended rehabilitation;

c. Employee must be evaluated by a substance abuse professional, who is required to recommend some form of treatment/rehabilitation and/or education, and the employee must comply with the SAP’s recommendations. Reports from the SAP on assessment, treatment/rehabilitation and compliance with the SAP’s recommendations must be provided to the designated employee representative (DER) for the Racine Public Library.
d. After the SAP’s follow-up evaluation on the fitness of the employee to return to work, and prior to returning to duty, the employee must have a negative result on a return-to-duty drug test. The Racine Public Library, and not the SAP or MRO, has the sole authority whether to return the employee to safety-sensitive duties.

e. Follow-up testing to monitor the employee’s continued abstinence from drug use will be required.

3. REFUSING TO TEST

Any employee found by the Medical Review Officer to have “refused to test” shall be subject to discipline, up to and including termination. Refusal to test shall be deemed as one of the following nine circumstances:

a. failure to remain until the testing process is complete;

b. failure to provide a specimen;

c. failure to permit direct observation of urination, when required;

d. failure to provide sufficient specimen volume without a legitimate medical condition preventing adequate urination;

e. failure to appear for testing within a reasonable time;

f. failure to undergo a medical examination when directed;

g. failure to cooperate with any part of the testing process;

h. submission of a specimen that the Medical Review Officer verifies as adulterated or substituted.

4. RESULTS OF A NEGATIVE-DILUTE TEST

On occasion, an employee’s test result from one of the various tests required by the Racine Public Library under DOT guidelines will be reported as a negative-dilute. A negative-dilute result (Creatinine between 5 and 20 and Specific Gravity between 1.001 and 1.003), means that the urine specimen provided by the donor is a valid urine specimen, but is very dilute, either from intentional “water loading” (consuming large quantities of water just prior to providing the specimen), or because of medications, diet, or medical conditions. In cases such as these, the library will require a re-collection of a urine specimen from the employee (and not under direct observation), and will accept that result as final, even if it also results in a negative-dilute specimen.
5. INVALID TEST RESULTS

An invalid test result occurs when the DHSS certified laboratory performing the test for some reason cannot complete its analysis of the specimen. There may be an interfering substance (this should not be confused with an adulterated or substituted specimen) or some other difficulty that prevents the testing from proceeding at the laboratory. If there is no medical explanation for the invalid result, the MRO will cancel the test and the library will do the following:

a. Order an immediate re-collection under direct observation.

b. Not attach any consequences to this result since it is a “non-result.”

c. Give no notice to the employee and send him to the collection site immediately.

d. Have the collector re-collect using the same reason for the collection as the original test.

If there is a medical explanation for the invalid result, such as a legal prescription, the test will be cancelled and no re-collection will be performed, except when a negative test result is required for a pre-employment, return-to-duty, or follow-up test.

6. ADULTERATED OR SUBSTITUTED SPECIMENS

A specimen is considered as adulterated when:

a. A substance is found in human urine that is not expected to be there.

b. A substance that is normally found in human urine is found in concentrations that are not consistent with normal human urine (For example, a Creatinine level of 400 mg/dl).

c. The physical characteristics of the specimen are outside of what one could expect in normal human urine (e.g., smell of bleach, blue color, etc.).

A substituted specimen, on the other hand, is a urine sample so dilute or so concentrated that it is inconsistent with human urine.

When a specimen is reported as adulterated or substituted, the MRO must treat that result like a positive test result. The MRO must interview the donor, and give the donor the opportunity to present medical evidence of why the specimen met the criteria for being reported as adulterated or substituted. If the MRO finds no valid medical explanation for the adulteration or substitution, the MRO will report the result as a Refusal to Test with remarks identifying the adulteration or substitution criteria. The donor is entitled to
request an analysis of the split specimen to re-confirm the adulteration or substitution findings.

H. **Employment Assessment:**

Any safety-sensitive employee who tests positive for the presence of illegal drugs or alcohol above the minimum thresholds set forth in this policy, shall be referred by the library’s EAP representative to a Substance Abuse Professional (SAP), with knowledge of and clinical experience in the diagnosis and treatment of drug and alcohol-related disorders. The SAP shall evaluate each employee to determine what assistance, if any, the employee needs in resolving problems associated with prohibited drug use or alcohol misuse.

Assessment by a substance abuse professional or participation in the library’s Employee Assistance program does not shield an employee from disciplinary action or guarantee employment or reinstatement with the library. The cost of any treatment or rehabilitation services will be paid directly by the employee or their insurance provider. Employees shall be allowed to take accumulated sick leave and vacation leave to participate in the prescribed rehabilitation program, but only if they go for treatment.

I. **Prescription Drugs:**

The appropriate use of legally prescribed drugs and non-prescription medications is not prohibited. However, the use of any substance which carries a warning label that indicates the mental functioning, motor skills, or judgment may be adversely affected must be reported to supervisory personnel and medical advice must be sought by the employee, as appropriate, before performing work-related duties. It is the responsibility of the employee to inform their physician of the type of safety-sensitive function that they perform in order that the physician may determine if the prescribed substance could interfere with the safe and effective performance of their duties or operation of library equipment.

A legally prescribed drug means that the individual has a prescription or other written approval from a physician for the use of a drug in the course of medical treatment. It must include the patient’s name, the name of the substance, quantity/amount to be taken, and the period of authorization. The misuse or abuse of legal drugs while performing library business is prohibited.

J. **Confidentiality of Records:**

The library respects the confidentiality and privacy rights of all of its employees. Accordingly, the results of any test administered under this Policy and the identity of any employee participating in the library’s EAP or other assessment or treatment program will not be revealed by the library to anyone except as required by law. The library shall release an employee’s records as directed by the express written consent of the employee.
authorizing release to an identified person. In addition, the library will ensure that any lab or agency used to conduct testing under this Policy will maintain the confidentiality of employee test records. However, the lab or testing agency may disclose information related to a positive drug or alcohol test of an individual to: the individual being tested; the library; the decision maker in a lawsuit, grievance, or other proceeding by or on behalf of the individual which arises from any action taken in response to a positive drug or alcohol test; or as required by law, including court orders or subpoenas.

When the Medical Review Officer has reason to believe that the employee may be medically unqualified under a DOT agency rule, or believes that the continued performance of safety-sensitive duties by the employee poses a significant safety risk, it is mandatory for the MRO to release medical information to the library or other relevant third party. In all other cases, the MRO will not reveal individual test results to anyone unless the MRO has been presented with a written authorization from the tested employee. The MRO may reveal to the library, without an authorization, relevant information as to whether the employee is qualified to perform safety-sensitive functions or whether the employee has tested positive for alcohol or a controlled substance. The library will not release the information on the employee’s qualification to perform safety-sensitive functions to a third party without first obtaining the tested employee’s written authorization and consent, except to the decision maker in lawsuit, grievance, or other proceeding by or on behalf of the individual which arises from any action taken in response to a positive drug or alcohol test, or as required by law, including court orders or subpoenas.

All records related to drug and alcohol tests of individual employees shall be maintained in individual files separate from the employee’s personnel file. These records will be stored in a locked cabinet and access will only be allowed to those library employees who have a legitimate need to review the records of a particular employee.

SECTION 6.09 USE OF LIBRARY EQUIPMENT POLICY

The Racine Public Library provides any supplies, equipment, vehicles and materials necessary for employees to perform their job. These items are to be used solely for library related business. Employees will not:

1. Obtain, use or divert library property, including records, for personal use and/or benefit;
2. Materially alter or destroy library property or records without proper authorization; and,
3. Borrow or use library property, unless for library work related use. Any removal of library property for personal non-work related use is not permissible.
Employees are expected to exercise care in the use of library equipment and property and use such property only for authorized purposes. Loss, damages or theft of library property should be reported to supervisors immediately. Negligence in the care and use of library property may be considered grounds for discipline, up to and including discharge.

SECTION 6.10 VEHICLE/DRIVING POLICY

In order to establish and maintain a high level of professionalism in the operation of motor vehicles and equipment within the scope of employment and office, which applies to all library employees, the library has created the following standards:

A. Use of Personal Vehicle on Library Business:

1. Requires prior approval of the Executive Director;

2. The employee must provide proof of insurance yearly to the Executive Director and the City of Racine Human Resources Department showing that they have the following minimum acceptable limits: $100,000 liability per person and $300,000 per occurrence, $50,000 property damage coverage, and $100,000 per person and $300,000 per accident uninsured motorist protection. Reimbursement for mileage shall not be paid if an individual is not in compliance with this requirement;

3. Employees and officials providing their own vehicle to be used on library business will be reimbursed on a per mile basis at a rate determined by the library. All maintenance, operating, insurance and other expenses are the responsibility of the employee and elected official. The employee’s or official’s insurance shall be considered primary.

4. If the employee’s or official’s regular vehicle is out of service or otherwise unavailable, it is the employee’s or official’s responsibility to provide an alternate vehicle;

5. Motorcycles and/or mopeds shall not under any circumstances be used to conduct library business and are not eligible for mileage reimbursement;

6. It is the responsibility of an employee to immediately inform their supervisor of any restriction, suspension or revocation of driving privileges that would affect their legal ability to operate a vehicle on library business. Failure to comply with this requirement shall result in disciplinary action up to and including termination. An official whose driving privilege is restricted, suspended or revoked shall not use their vehicle on library business; and,
7. An employee’s failure to comply with library policy, loss of driving privileges or fraudulent reporting of vehicle use could result in disciplinary action or loss of the privilege to operate a vehicle on library business. The library may review the driving records of employees who are required to drive in the course of their employment.

B. Use of Library Owned Vehicles:

The operation of a library-owned vehicle is a privilege that may be withdrawn at any time at the sole discretion of the library. An employee shall not operate a library vehicle of any type unless they comply with the following:

1. Maintains a valid Wisconsin Driver’s License at all times and maintains a satisfactory driving record. An employee shall immediately report to their supervisor any loss or restriction of driving privileges. Failure to immediately inform the supervisor of any restriction, suspension or revocation of driving privileges will result in disciplinary action up to and including termination;

SECTION 6.12 SOCIAL MEDIA POLICY

Purpose – the library is committed to encouraging employees to promote programs, resources and services through social media. The library understands that responding to patrons’ comments and questions on these sites should be quick.

The library positively respects the rights of employees to use social media as a medium of self-expression. The library recognizes the importance of participating in online conversation and communities and supports employees’ responsible involvement in these rapidly growing technologies. The nature of the Internet is such, however, that what an employee might “say” online will be captured forever and can be transmitted endlessly to the public without the employee’s consent or knowledge. If an employee chooses to identify himself or herself as an employee of the Racine Public Library when utilizing such media, some readers may view the employee as a representative or spokesperson of the library. In light of this possibility, when employees participate in online and digital social media, it is important that they understand and adhere to the library’s Social Media Policy.

The following Guidelines should be utilized by employees when referring to the Racine Public Library, its programs, resources, services or activities, its customers/clients, or other employees in any online medium, and applies to all forms of social media including blogs, Facebook, MySpace, LinkedIn, Twitter, YouTube and Wikipedia, etc. These Guidelines also apply to any comments that employees may leave on others’ blogs or Facebook pages, edits to wikis, responses to tweets, or posting on message boards or forums.

A. Privacy:
   Employees should understand that their activity on social media sites on the Internet is not private and is available for anyone to see.

B. Guidelines:

   1. Employees are personally responsible for the content they publish unless their job responsibilities are related to maintaining the library’s formal online presence.

   2. Authorized Users
      i. See Rules and Regulations Governing Employee Use of Social Media for current list of authorized users
ii. Authorized users must identify themselves as such, with wording on their profile such as “Authorized to speak on behalf of RPL when posting on the [RPL Facebook page]; opinions and viewpoints on my personal [Facebook page] are my own and do not necessarily represent the position or opinion of RPL”

3. All Other Users
   i. In the event an employee is promoting the library, its programs, resources or services, even anonymously, the employee must use only truthful statements and must clearly disclose that they are a library employee in their online profile.
   ii. Employees who are not specifically authorized to speak on behalf of the library must use an appropriate disclaimer when promoting the library to make clear that they are speaking only on behalf of themselves and not on behalf of or as an agent of the library. An example of a disclaimer would be: *The opinions and viewpoints expressed are those of the author and do not necessarily represent the position or opinion of the library.*

4. Federal law requires that an employee endorsing or promoting their employer must disclose the name of the organization with whom they are employed.

5. Employees may not disclose any confidential information, or the confidential information of a third party, only accessible as a result of their employment. Confidential information is defined as information disclosure which is prohibited by federal, state, or local law, personal health information of others, non-public law enforcement records, attorney-client privileged information, library records, patron transactions, internal library communications or other similar types of information.

6. Employees should respect all copyright laws. As a general rule, employees should not distribute or incorporate material that have been retrieved or copied from another website or publication, unless usage of such material meets the legal definition of “fair use.”

7. Employees may not use social media to harass or intimidate other employees, residents, customers/clients, or other third parties in violation of the library’s Affirmative Action Policy or Anti-Harassment and Discrimination Policy. Behaviors that constitute harassment and intimidation include, but are not limited to, comments that are derogatory with respect to race, color, religion, gender, sexual orientation, disability, or any other protected characteristic under the law, sexually suggestive, humiliating, or demeaning comments or threats.

8. Disparaging the library’s services, reputation, clients, executive leadership, employees, or strategy, promoting or endorsing violence, making false or misleading statements, or promoting illegal activity, is strictly prohibited. This includes posting,
uploading, or sharing any recording or images (including audio, pictures, and videos) in any online posting taken in the workplace.

9. Employees have a duty to report any potential safety issues, as defined in the library’s Anti-Harassment and Retaliation Policy. Employees are encouraged to report violations of this policy by any other employees. The library considers the duty to report to be a critical component of its efforts to ensure the safety of its employees and to preserve the library’s reputation and goodwill in the community.

10. Nothing in this Social Media Policy should be construed or interpreted as interfering or impacting employees in the exercise of their rights under any federal, state, or local laws governing the relationship between employers and employees.

C. Monitoring:

The library may monitor Internet activity as outlined in the policy and has the right to investigate violations of this policy upon reasonable cause and to enforce other library policies.

D. Disciplinary Action:

If library employees fail to abide by this policy and its guidelines, or any other of the library’s policies while online, violators may be subject to legal or disciplinary action by the library, up to and including termination.

The library will provide safe working equipment, personal protective equipment when needed, and first aid treatment and medical treatment if required. At the same time, it is expected that employees shall, as condition of continued employment, abide by the standards established in the Safety Policy Manual.

These rules are intended to specify the general standards by which employees shall perform their jobs. However, these rules are not exhaustive and individual department rules may apply. Violation of safety rules or standards will result in disciplinary action. Recommendations or suggestions regarding the addition or modification of these safety rules should be made to the employee’s supervisor. As used in these rules, shall is interpreted to mean "required" while should is interpreted to mean "recommended, but not required".

Management reserves the right in its discretion to supplement, alter, modify, amend, or rescind these rules from time to time as necessary. It is not intended that these rules will modify, amend, or in any way contravene the provisions any of our labor agreements, or Work Rules. Any grievances arising out of the interpretation of these rules are subject to the grievance procedure.

These rules were developed to apply to employees at all levels of employment. The intent was to develop rules that fulfilled the desired goal of providing a safer work place. The ultimate success of this effort will depend upon the continued cooperation of employees and administration.

The library has priority call on the services of its employees regardless of any conflict with secondary employment. An employee who engages in secondary employment must clearly define himself or herself as an employee of the secondary employer and not act or treat himself or herself as an employee or agent of the library. Employees must still comply with all policies, rules and general expectations of conduct when engaging in off-duty behavior regardless of such secondary employment. The library may terminate the employment of an employee whose secondary employment may interfere with the performance of their work, where a conflict, whether real or implied exists, where the interests of the library are impacted as a result of the secondary employment, or where such employment or conduct negatively affects the image of the library or its employees. **SECTION 6.24 EMPLOYEE PERSONAL RELATIONSHIPS**

The Racine Public Library strongly believes that an environment where employees maintain clear boundaries between employee personal and business interactions is most effective for conducting business. Although this policy does not prevent the development of friendships or romantic relationships between coworkers, it does establish very clear boundaries as to how relationships will progress during working hours and within the working environment.

Individuals in supervisory relationships or other influential roles are subject to more stringent requirements under this policy due to their status as role models, their access to sensitive information, and their ability to influence others.

A. During working time and in working areas employees are expected to keep personal exchanges limited so that others are not distracted or offended by such exchanges and so that productivity is maintained.

B. During non-working time, such as lunches, breaks and before and after work periods, employees are not precluded from having appropriate personal conversations in non-work areas as long as their conversations and behaviors could in no way be perceived as offensive or uncomfortable to a reasonable person.

C. Employees are strictly prohibited from engaging in physical contact that would in any way be deemed inappropriate by a reasonable person while anywhere on library premises, whether during working hours or not.

D. Employees who allow personal relationships with coworkers to affect the working environment will be subject to the appropriate provisions of the library’s disciplinary policy. An employee’s failure to change such behavior and maintain work performance and environment is viewed as a serious disciplinary matter.
E. Employee off-duty conduct is generally regarded as private, as long as such conduct does not create problems within the workplace. An exception to this private-conduct principle, however, is romantic or sexual relationships between supervisors and subordinates, which are never appropriate.

F. Supervisors, managers, executives, or anyone else in sensitive or influential positions must disclose the existence of any relationship with another coworker that has progressed beyond a platonic friendship. Disclosure may be made to the immediate supervisor or the Executive Director, or the City of Racine Human Resources Manager. This disclosure will enable the organization to determine whether any conflict of interest exists because of the relative positions of the individuals involved.

G. Where problems or potential risks are identified, the organization will work with the parties involved to consider options for resolving the problem. The initial solution may be to make sure that the parties involved no longer work together on matters where one is able to influence the other or take action for or regarding the other. Matters such as hiring, firing, promotions, performance management, compensation decisions, financial transactions, etc. are examples of situations that may require reallocation of duties to avoid any actual or perceived reward or disadvantage. In some cases other measures may be necessary such as transfer to other positions or departments. Refusal to accept reasonable alternative positions, if available, will be deemed a voluntary resignation.

H. Continued failure to work with the organization to resolve such a situation in a mutually agreeable fashion may ultimately be deemed insubordination and therefore serve as cause for discipline, up to and including, termination. The organization’s disciplinary policy will be consulted to ensure consistency, however, before any such extreme measures are undertaken.

I. The provisions of this policy apply regardless of the sexual orientation of the parties involved.

J. Where doubts exist as to the specific meaning of the terms used above, employees should consult their supervisors and make judgments on the basis of the overall spirit and intent of this policy.

K. Notwithstanding anything else contained in this policy, there are certain positions for which very close personal and romantic relationships with fellow employees are never acceptable. This includes such relationships between supervisors and subordinates. In addition, because of the sensitive nature of personal employee information available to the Executive Director and members of the City of Racine Human Resources Department, it is never appropriate for the Executive Director or members of the City of Racine Human Resources Department to have close personal and romantic relationships with any other library employee.
L. Any employee who feels they have been disadvantaged as a result of this policy, or who believes this policy is not being adhered to, should make their feelings known to the City of Racine Human Resources Manager, Executive Director or other designated individual.

SECTION 6.25 ELECTRONIC COMMUNICATIONS AND E-MAIL POLICY

I. ELECTRONIC COMMUNICATION

A. PURPOSE

To better serve our citizens and give our workforce the best tools to do their jobs, the Racine Public Library continues to adopt and make use of new means of communication and information exchange. This means that many employees have access to one or more forms of electronic media and services, including, but not limited to, computers, e-mail, telephones, cellular telephones, pagers, voice mail, fax machines, external electronic bulletin boards, wire services, on-line services, the Internet, and the World Wide Web.

The Racine Public Library encourages the use of these media and associated services because they can make communication more efficient and effective and because they are valuable sources of information. However, all employees and everyone connected with the library should remember that electronic media and services provided by the library are library property and their purpose is to facilitate and support library business. No expectation of privacy in regards to use of the library's electronic communication systems should be expected by the employee in any respect related to accessing, transmitting, sorting or communicating information via the system.

This policy cannot lay down rules to cover every possible situation. The purpose of this policy is to express the Racine Public Library’s philosophy and set forth general guidelines governing the use of electronic media and services. By adopting this policy, it is the library's intent to ensure the electronic communication systems are used to their maximum potential for business purposes and not used in a way that is disruptive, offensive to others, or contrary to the best interest of the Racine Public Library.

1. The following procedures apply to all electronic media and services that are:
   a. Accessed on or from library premises;
   b. Accessed using the library’s computer equipment or via the library’s paid access methods; or
   c. Used in a manner that identifies the individual as acting for or on behalf of the Racine Public Library; or in any way identifies the Racine Public Library.
2. Organizations affected:

This policy applies to all of the departments, offices, boards, commissions, committees, employees and contracted and consulting resources of the Racine Public Library.

B. POLICY

It is the policy of the Racine Public Library to follow this set of procedures for the use of electronic communication media and services.

C. PROCEDURES

1. Access and Authority

   a. Each Department Head shall determine which employees in their department shall have access to the various media and services, based on business practices and necessity and which shall have authority to communicate on behalf of the department.

   b. The provisions of this Policy shall apply to the use of library owned/provided equipment and/or services from home or other locations off library premises. Library owned equipment (e.g. laptops) may be removed from library premises solely for library work related purposes pursuant to prior authorization from the Department Head.

2. Prohibited Communications

   a. Electronic media cannot be used for knowingly transmitting, retrieving or storing any communication that is:

      i. Personal business on library time (e.g. sports pools, games, shopping, correspondence, or other non-business-related items/documents), except as otherwise allowed under #3 below;

      ii. Discriminatory or harassing;

      iii. Derogatory to any individual or group;

      iv. Obscene as defined in Wis. Stats. § 944.21;

      v. Defamatory or threatening; or
vi. Engaged in for any purpose that is illegal or contrary to the library’s policy or business interests.

b. For the protection, integrity and security of the library's System, electronic media shall not be used to download or transfer software, unless authorized by the Computer Technician.

3. Personal Use
a. Except as otherwise provided, electronic media and services are provided by the library for employees' business use during library time. Limited, occasional, or incidental use of electronic media (sending or receiving) for personal non-business purposes is permitted as set forth below:

i. Personal use is limited to breaks, lunch or immediately before/after work;
ii. Personal use must not interfere with the productivity of the employee or their co-workers;
iii. Personal use does not involve any prohibited activity (see Section B, b-f);
iv. iv. Personal use does not consume system resources or storage capacity on an ongoing basis;
v. Personal use does not involve large file transfers or otherwise deplete system resources available for business purposes.

b. Library telephones and cellular phones are to be used for library business. However, brief, limited personal use is permitted during the work day. Personal long distance calls are only permitted with the use of a personal 1-800 calling card, or with the understanding that such calls must be reimbursed to the library, as per policies set forth in the Racine Public Library Employee Handbook.

c. Employees should not have any expectation of privacy with respect to personal use of the library's electronic media or services.

d. The library provides cell phones for the Mobile Library and the delivery van primarily for the safety of the staff on these vehicles, and for management, that they may communicate quickly and efficiently with the library and with patrons. Staff should not use the cell phones while driving library vehicles.

e. Personal phone calls during work time may sometimes be unavoidable, but should be kept to a minimum since the library pays for incoming calls. Employees may be asked to pay for
minutes used for personal calls, and may be subject to disciplinary action if this privilege is abused.

f. Library employees with personal cell phones at work should use good judgment by keeping conversations to a minimum, and using the phone away from public areas if in the main library. Employees may be subject to disciplinary action if this privilege is abused.

4. Access to Employee Communications
   a. Electronic information created and/or communicated by an employee using e-mail, word processing, utility programs, spreadsheets, voice mail, telephones, Internet and bulletin board systems, desktop faxes, and similar electronic media may be accessed and monitored by the Racine Public Library. The library respects its employees' desire to work without surveillance. However, the Racine Public Library reserves and intends to exercise the right, at its discretion, to review, monitor, intercept, access, and disclose all messages created, received or sent over the electronic communication systems for any purpose including, but not limited to: cost analysis; resource allocation; optimum technical management of information resources; and detecting use which is in violation of library policies or may constitute illegal activity.

   Disclosure will not be made except when necessary to enforce the policy, as permitted or required under the law, or for business purposes.

   b. Any such monitoring, intercepting and accessing shall observe any and all confidentiality regulations under Federal and State laws.

5. Security/Appropriate Use
   a. Employees must respect the confidentiality of other individuals' electronic communications. Except in cases in which explicit authorization has been granted by the Computer Technician, employees are prohibited from engaging in, or attempting to engage in:
      i. Monitoring or intercepting the files or electronic communications of other employees or third parties;
      ii. Hacking or obtaining access to systems or accounts they are not authorized to use;
      iii. Using other people's log-ins or passwords; and
iv. Breaching, testing, or monitoring computer or network security measures.

b. No e-mail or other electronic communications can be sent that attempt to hide the identity of the sender or represent the sender as someone else.

c. Electronic media and services should not be used in a manner that is likely to cause network congestion or significantly hamper the ability of other people to access and use the system.

d. Anyone obtaining electronic access to other organizations', business', companies', municipalities' or individuals' materials must respect all copyrights and cannot copy, retrieve, modify, or forward copyrighted materials except as permitted by the copyright owner.

Employees must understand that the unauthorized use or independent installation of non-standard software or data may cause computers and networks to function erratically, improperly, or cause data loss. Therefore, before installing any new software, hardware or data, users should seek assistance of the Computer Technician. Users must never install downloaded software to networked storage devices without the assistance and approval of appropriate personnel.

Most of the library’s computing facilities automatically check for viruses before files and data which are transferred into the system from external sources are run or otherwise accessed. On computers where virus scanning takes place automatically, the virus scanning software must not be disabled, modified, uninstalled, or otherwise inactivated. If employees are uncertain as to whether the workstation they are using is capable of detecting viruses automatically, or they are unsure whether the data has been adequately checked for viruses, they should contact the Computer Technician.

Anyone receiving an electronic communication in error shall notify the sender immediately. The communication may be privileged, confidential and/or exempt from disclosure under applicable law. Such privilege and confidentiality shall be respected.

6. Participation in on-line forums
   a. Employees should remember that any messages or information sent on library provided facilities to one or more individuals via an
electronic network (for example: Internet mailing lists, bulletin boards, and on-line services) are statements identifiable and attributable to the Racine Public Library.

b. The Racine Public Library recognizes that participation in some forums might be important to the performance of an employee's job. For instance, an employee might find the answer to a technical problem by consulting members of a newsgroup devoted to the technical area.

c. Employees shall include the following disclaimer in all of their postings to public forums:

“The views, opinions, and judgments expressed in this message are solely those of the author. The message contents have not been reviewed or approved by the Racine Public Library”.

d. Employees should note that even with a disclaimer, a connection with the Racine Public Library exists and a statement could be imputed legally to the library. Therefore, employees should not rely on disclaimers as a way of insulating the library from the comments and opinions they contribute to forums. Instead, employees must limit their discussion to matters of fact and avoid expressing opinions while using the library's systems or provided account. Communications must not reveal confidential information and must not otherwise violate this or other library policies.

e. Employees must receive authorization from their Department Heads prior to participating in an on-line forum. The employees shall be required to review the provisions of this section before they receive such authorization.

7. Policy Violations

Employees who abuse the privilege of library facilitated access to electronic media or services risk having the privilege removed for themselves and possibly other employees, are subject to discipline, up to and including termination, and may be subject to civil liability and criminal prosecution.

II. E-MAIL POLICY

A. PURPOSE
The Racine Public Library provides certain employees with systems to send and receive electronic mail (e-mail) so they can work more productively. E-mail gives employees a useful way to exchange ideas, share files, and keep in touch with colleagues, whether they are located in the next room, another building, or thousands of miles away.

The Racine Public Library's e-mail system is a valuable business asset. The messages sent and received on the e-mail system, like memos, purchase orders, letters, or other documents created by employees in the course of their workday, are the property of the Racine Public Library and may constitute public records. This policy explains rules governing the appropriate use of e-mail and sets out the library's rights to access messages on the e-mail system. No expectation of privacy in regards to use of the library’s e-mail system should be expected by the employee in any respect related to accessing, transmitting, sorting or communicating information via the system.

1. Organizations affected:

This policy applies to all library departments, divisions, offices, boards, commissions, committees, employees and contracted and consulting resources.

B. POLICY

It is the policy of the Governing Unit to follow this set of procedures for the use of the Governing Unit's e-mail system.

C. PROCEDURES

1. Access to employee e-mail

a. Employees should not have any expectation of privacy with respect to messages or files sent, received, or stored on the library's e-mail system. E-mail messages and files, like other types of correspondence and library documents, can be accessed and read by authorized employees or authorized individuals outside the library. The library reserves the right to monitor, review, audit, intercept, access and disclose all messages created, received or sent over the e-mail system. Information contained in the e-mail system will only be disclosed to the extent permitted by law, for
business purposes, or as needed to enforce the policy. Authorized access to employee e-mail by other employees or outside individuals includes, but is not limited to, the following:

i. Access by the Computer Technician during the course of system maintenance or administration;

ii. Access approved by the employee, the employee's supervisor, or Executive Director when there is an urgent business reason to access the employee's mailbox - for example, if an employee is absent from the office and the supervisor has reason to believe that information relevant to the day's business is located in the employee's mailbox;

iii. Access approved by the employee's supervisor, the Executive Director when there is reason to believe the employee is using e-mail in violation of the library's policies;

iv. Access approved by the Executive Director or the City Attorney in response to the library's receipt of a court order or request from law enforcement officials for disclosure of an employee's e-mail messages.

b. Except as otherwise noted herein, e-mail should not be used to communicate sensitive or confidential information. Employees should anticipate that an e-mail message might be disclosed to or read by individuals other than the intended recipient(s), since messages can be easily forwarded to other individuals. In addition, while the library endeavors to maintain the reliability of its e-mail system, employees should be aware that a variety of human and system errors have the potential to cause inadvertent or accidental disclosures of e-mail messages.

c. The confidentiality of any message should not be assumed. Even when a message is erased, it is still possible to retrieve and read that message.

d. Employees should understand that electronic mail is a written form of communication, just like a paper letter. Though electronic mail is relatively spontaneous compared with regular mail, employees should take care to use the same level of discretion and forethought before executing electronic messages.

2. Passwords

Each user accesses the e-mail system by means of a personal log-in name and password, which will be selected by the employee and kept on file with the Department Head and the Computer Technician.

a. Passwords are intended to keep unauthorized individuals from accessing messages stored on the system. From a systems
perspective and from the perspective of an e-mail recipient, passwords also establish the identity of the person sending an e-mail message. The failure to keep passwords confidential can allow unauthorized individuals to read, modify, or delete e-mail messages; circulate e-mail forgeries; and download or manipulate files on other systems.

b. The practice of using passwords should not lead employees to expect privacy with respect to messages sent or received. The use of passwords for security does not guarantee confidentiality. (See "Access to Employee E-mail").

c. Passwords should never be given out over the phone, included in e-mail messages, posted, or kept within public view.

d. Employees are prohibited from disclosing their password, or those of any other employee, to anyone who is not an employee of the library. Employees also should not disclose their password to other employees, except when required by an urgent business matter (see Section C. 1. a. ii. of this policy).

3. Personal Use

a. The Racine Public Library allows limited, occasional, or incidental personal use of its e-mail system during lunch, breaks or immediately before or after work, subject to the following conditions and restrictions:

b. Personal use must not:
   i. Involve any prohibited activity (see #4 below);
   ii. Interfere with the productivity of the employee or their co-workers;
   iii. Consume system resources or storage capacity on an ongoing basis; or
   iv. Involve large file transfers or otherwise deplete system resources available for business purposes.

c. Employees should not have any expectations of privacy with respect to personal e-mail sent or received on the library's e-mail system. Employees should delete personal messages as soon as they are read or replied to. Employees should not store copies of the personal messages they have sent. Because e-mail is not private, employees should avoid sending personal messages that are sensitive or confidential.

4. Prohibited Activities

a. Employees are strictly prohibited from sending e-mail or otherwise using the e-mail system in connection with any of the following activities:
i. Engaging in personal business or entertainment on the library’s time;
ii. Engaging in illegal, fraudulent, or malicious activities;
iii. Engaging in the unlawful use of the e-mail system as set forth in Section 947.0125 of the Wisconsin Statutes (Unlawful use of computerized communication systems);
iv. Sending or storing offensive, disruptive, obscene, or defamatory material. Materials which are considered offensive include, but are not limited to: any materials which contain sexual implications, racial slurs, gender-specific comments, or any other comment that offensively addresses someone’s age, race, creed, color, sex, ancestry, religious or political beliefs, marital status, national origin or disability;
v. Annoying or harassing other individuals;
vi. Using another individual's account or identity without explicit authorization;
vii. Attempting to test, circumvent, or defeat security or auditing systems, without prior authorization;
viii. Accessing, retrieving or reading any e-mail messages sent to other individuals, without prior authorization from the Computer Technician; or
ix. Permitting any unauthorized individual to access the library's e-mail system.

5. Confidential Information

a. All employees are expected and required to protect the Racine Public Library's confidential information. Employees shall not transmit or forward confidential information to outside individuals or companies without the permission of their supervisor and the Executive Director.
b. The library also requires its employees to use e-mail in a way that respects the confidential and proprietary information of others. Employees are prohibited from copying or distributing copyrighted material - for example, software, database files, documentation, or articles using the e-mail system.

6. Record Retention

a. The same rules which apply to record retention for other library documents apply to e-mail. As a general rule, e-mail is a public record whenever a paper message with the same content would be a public record.
b. The specific procedure to be followed with respect to the retention of e-mail records is contained in Section 3, E-Mail Record Retention Policy.

7. E-mail Policy Violations

Employees violating the Racine Public Library's e-mail policy are subject to discipline, up to and including termination. Employees using the e-mail system for defamatory, illegal, or fraudulent purposes and employees who break into unauthorized areas of the library's computer system also are subject to civil liability and criminal prosecution.

III. E-MAIL RECORD RETENTION POLICY

A. PURPOSE

The purpose of this policy is to emphasize that certain types of e-mail as defined in Wis. Stats. §19.32(2) are public records. The same rules which apply to record retention and disclosure for other Governing Unit documents apply to such records. This policy applies to all of the departments, divisions, offices, boards, commissions, committees, employees and contracted and consulting resources of the Racine Public Library.

B. POLICY

It is the policy of the Governing Unit to follow this set of procedures for e-mail record retention.

References:

C. PROCEDURES

1. Nature of e-mail records
   As a general rule, e-mail is a public record whenever a paper message with the same content would be a public record. See Wis. Stats. §19.32(2) for definition of a record.

2. Components of an e-mail record
   The e-mail record is defined to include the message, the identities of the sender and all recipients, the date, and any non-archived attachments to the e-mail message. Any return receipt indicating the message was received by the sender is also considered to be part of the record.

3. Saving and indexing e-mail records
Initially the custodian (that officer, department head, division head, or employee of the library who keeps or is in possession of an e-mail) bears the responsibility for determining whether or not a particular e-mail record is a public record which should be saved and ensuring the record is properly indexed and forwarded for retention as a public record. E-mail which is subject to records retention must be saved and should be indexed so that it is linked to the related records in other media (for example, paper) so that a complete record can be accessed when needed. E-mail records to be retained shall be archived to an archival media, network drive or printed out and saved in the appropriate file. Any officer, department head, division head, or employee of the library may request assistance from the City Attorney’s Office in determining whether an e-mail is a public record.

4. Responsibilities for e-mail records management
   a. Legal Custodian. E-mail records of a library department having custody of records shall be maintained by the designated Legal Custodian, pursuant to library policy.
   b. Computer Technician. If e-mail is maintained in an on-line data base, it is the responsibility of the Computer Technician to provide technical support for the Legal Custodian as needed. When equipment is updated, the Computer Technician shall ensure that the ability to reproduce e-mail in a readable form is maintained. The Computer Technician shall assure that e-mail programs are properly set up to archive e-mail.

5. Public access to e-mail records
   If a Department receives a request for release of an e-mail public record, the Legal Custodian of the record shall determine if it is appropriate for public release, in whole or in part, pursuant to law, consulting the City Attorney’s Office, if necessary. As with other records, access to or electronic copies of disclosable records shall be provided within a reasonable time.

6. Violation
   Employees violating this policy are subject to discipline up to and including dismissal. In addition, violations of this policy may be referred for civil and/or criminal prosecution, where appropriate.
It is public policy that all individuals are entitled to as much information as provided by law regarding the affairs of government and the official actions of representatives of government.

Per Wisconsin Statute §19.34(1), the City of Racine is required to adopt, display and make available for inspection and copying at its offices, a notice containing a description of the City and the established times and places at which the public may obtain information and access to records from the legal custodian of the department, make requests for records, or obtain copies of records, and how much will be charged for the copies. Per Wisconsin Statute §19.34 2(a) and 2(b), access to records must be provided during office hours if there are regular hours at the location where the record is. If there are not regular hours, the City must provide access (1) on 48 hours advance notice; or (2) in an established period of at least 2 consecutive hours per week.

A record requester shall be allowed to inspect or copy a record and the City must provide facilities comparable to those used by its employees during established office hours. The City is not required to purchase or lease equipment or to provide a separate room for the inspection, copying or abstracting of records (§19.35 (2). However, the law does not require the immediate, unlimited access to records, and there are certain records that may not be disclosed to the public under any circumstances. Under no circumstances is the City required to create a record to respond to a public records request. In addition, the law permits a records custodian time to reflect upon the request and assure a proper disclosure is made.

The City Attorney is the City’s designated public records counselor. All public record requests and responses must be reviewed and coordinated with the City Attorney’s Office.

Upon receiving a request for open records under the Wisconsin Public Records Law, record custodians shall follow the following procedures:

i. Do not agree, upon first contact with the requestor, to release any records;
ii. If the request is made orally, memorialize the information sought. Advise the requestor that they will receive a response as soon as practicable and without delay. Do not promise a response by any particular date.
iii. Immediately contact the City Attorney’s Office for advice and guidance as to your response.
iv. Before releasing any records, the City Attorney’s Office must concur, in writing, with such release.
SECTION 7.01 PURPOSE, DISCIPLINE, AND DEFINITIONS

The purpose of this article is to provide guidance for employees and supervisors concerning discipline of covered library employees. In addition, the purpose of this article is to establish a procedure to provide those library employees who are not covered by a grievance procedure as part of a collective bargaining agreement to resolve grievances while in the employ of the library.

This procedure is intended to comply with Wis. Stats. § 66.0509, and provides a grievance procedure addressing issues concerning workplace safety, discipline, and termination. This procedure applies to all employees covered under Wis. Stats. § 66.0509. A covered employee may appeal any level of discipline under this grievance procedure. Any grievance filed under the article shall be filed on behalf of an individual employee. No grievance may be filed on behalf of more than one employee, a group of employees, or any collective bargaining unit.

Nothing in this article is intended to create a legally binding contact between the library and covered employees or to change the at-will nature of employment for covered employees with the library. Employment with the library is voluntarily entered into and employees are free to resign at any time with or without cause. Similarly, the library may terminate the employment of any covered employee, at any time with or without cause, subject to applicable federal, state, or local law. The library reserves its management rights to exclusively manage its operations.

A. Discipline:

To the extent possible, it is in the best interests of the employees and the library to ensure fair treatment of all employees and in making certain that disciplinary actions are prompt, uniform, and impartial.

Discipline may result when an employee's actions do not conform with generally accepted standards of good behavior, when an employee violates a policy or rule, when an employee's performance is not acceptable, or when the employee's conduct is detrimental to the interests of the library. Disciplinary action may call for any of four steps - warning, reprimand, suspension (with or without pay) or termination of employment - depending on the problem and the number of occurrences. There may be circumstances when one or more steps are bypassed. Certain types of employee problems are serious enough to justify either a suspension or termination of employment without going through progressive discipline steps. The library reserves the right, in its sole discretion, to impose disciplinary action as may be appropriate to the particular circumstances.

B. Definitions:
1. **Discipline** and **disciplinary actions** are actions taken to correct a problem or misbehavior, deter further problems or misbehavior, prepare an employee for satisfactory service in the future, or separate an employee where an employee has demonstrated an inability or unwillingness to perform satisfactory service. Approved discipline and disciplinary actions are:

   a. **Warning** – Written documentation given to an employee describing specific disciplinary infractions, such as inappropriate conduct, poor performance, or violation of work rules/policies. Such documentation may include information regarding past infractions and what action will be taken if the employee fails to improve. A warning is the first step of formal discipline.

   b. **Reprimand** – Written documentation given to an employee describing continuing or more serious specific disciplinary infractions, such as inappropriate conduct, poor performance, or violation of work rules/policies. Such documentation may include information regarding past infractions and shall include what action will be taken if the employee fails to improve. A reprimand is more serious than a warning.

   c. **Suspension** – A disciplinary measure, including written documentation, in which employees are suspended without pay for a specified period of time due to violations including continuing or serious specific disciplinary infractions, such as inappropriate conduct, poor performance, or violation of work rules/policies. Such documentation shall include what action will be taken if the employee fails to improve.

2. **Employee discipline** includes all levels of progressive discipline, but shall not include the following personnel actions:

   a. Placing an employee on paid administrative leave pending an internal investigation;

   b. Counseling sessions, meetings, or other pre-disciplinary action, whether written or oral;

   c. Actions taken to address work performance, including establishment and/or use of a performance improvement plan or job targets;

   d. Demotion, transfer, or change in job assignment; or

   e. Other personnel actions taken by the employer that are not a form of discipline.
The Executive Director and other supervisors may take such action regarding employees, however, such actions are not “discipline” or “disciplinary action” and, therefore, are not grievable.

3. *Employee termination* shall include action taken by the employer to terminate an individual's employment for misconduct or performance reasons, but shall not include the following personnel actions:
   a. Voluntary quit;
   b. Layoff, furlough, or failure to be recalled from layoff at the expiration of the recall period;
   c. Time lost because of a lack of work available to the employee;
   d. Job abandonment, “no-call,” “no-show,” or other failure to report to work;
   e. Termination of employment due to lack of qualification or license or other inability to perform job duties; or
   f. Retirement;

4. *Workplace safety* is defined as conditions of employment regarding employees’ physical health or safety, and specifically including only: the safe operation of workplace equipment and tools, safety of the physical work environment, provision of personal protective equipment, workplace violence, and training related to same.

**SECTION 7.02 FILING OF COMPLAINT, HEARINGS, AND DECISIONS**

A. **Procedure:**

Employees should first discuss complaints or questions with their immediate supervisor. Every reasonable effort should be made by supervisors and employees to resolve any questions, problems or misunderstandings that have arisen before filing a grievance. An employee whose complaint concerning the employee’s discipline, termination, or workplace safety has not been resolved informally to the employee’s satisfaction with the employee’s immediate supervisor may obtain a review of the complaint under the following procedures:

1. **Step 1:** Supervisor review. The employee shall reduce their complaint to writing, using the form prescribed by the City of Racine Human Resources Department, and submit it to the employee’s immediate supervisor within 15 working days.
after the employee knew or should have known the cause of such grievance. Such complaint shall be referred to in this section as "the grievance." Any written grievance filed under this article must contain the following information:

- The name and position of the employee filing it,
- A statement of the issue involved,
- A statement of the relief sought,
- A detailed explanation of the facts supporting the grievance;
- The specific date(s) the event(s) giving rise to the grievance took place,
- The identity of the policy, procedure or rule that is being challenged;
- The steps the employee has taken to review the matter, either orally or in writing, with the employee's supervisor; and
- The employee's signature and the date.

The supervisor shall immediately forward a copy of the grievance to the Executive Director and City of Racine Human Resources Department and shall consult with the City of Racine Human Resources Department before responding. (The failure of a supervisor to so do shall not constitute a flaw or defect in the processing of a grievance.)

The supervisor shall answer the grievance within five working days. If the grievance is answered in a manner unsatisfactory to the employee, the employee may proceed to step 2.

2. Step 2: Executive Director review. If the grievance is not resolved at step 1, the employee may appeal the grievance to the Executive Director within five working days of the receipt of the decision of the employee’s supervisor at step 1. The Executive Director will review the matter and shall consult with the City of Racine Human Resources Department before responding. (The failure of the Executive Director to so do shall not constitute a flaw or defect in the processing of a grievance.) The Executive Director shall inform the employee of their decision, if possible, within 10 working days of receipt of the grievance.

3. Step 3: Impartial hearing officer. If the grievance is not resolved at step 2, the employee may request in writing, to the Executive Director, within five business days following receipt of the Executive Director’s decision, a request for review by an impartial hearing officer.

   a. The parties shall, within 10 business days, jointly request that the Wisconsin Employment Relations Commission appoint an impartial hearing officer. The parties shall equally share the cost of the independent hearing officer, which payment shall be made at the same time as the request therefore.
b. In all cases, the grievant shall have the burden of proof to support the grievance. The impartial hearing officer will determine whether the city acted in an arbitrary and capricious manner. This process does not involve a hearing equivalent to a hearing before a court of law. The rules of evidence will not be followed.

c. Depending on the issue involved, the impartial hearing officer will determine whether a hearing is necessary, or whether the case may be decided based on a submission of written documents. If the impartial hearing officer determines that a hearing is necessary, the parties shall attempt to agree in advance upon the issue involved and stipulate to facts to be used at the hearing. The independent hearing officer shall meet with the parties at the earliest possible date which can be set to review the evidence and hear testimony relating to the grievance. All such hearings shall be held at Racine Public Library. The impartial hearing officer shall prepare a written decision.

d. The impartial hearing officer may order either party to pay the entire amount of the independent hearing officer’s fees upon such terms, and for such reasons, as the independent hearing officer finds appropriate and equitable.

4. Step 4: Review by the Library Board. If the grievance is not resolved after step 3, the employee or the Executive Director shall request, within five business days of receipt of the written decision from the hearing officer, a written review by the Library Board. The appeal shall be submitted as a communication to the Library Board, using a form prescribed by the Executive Director, through the Finance and Personnel Committee. The Finance and Personnel Committee shall review the matter at its next regularly scheduled meeting, subject to the notice requirements of the open meetings law, and make a recommendation to the Library Board. The Finance and Personnel Committee shall not take testimony or evidence; it may make a recommendation only upon a determination whether the hearing officer reached an arbitrary or incorrect result based on a review of the record before the hearing officer. The matter will be forwarded to the Library Board at its next regular meeting. The Library Board shall not take testimony or evidence; it may determine whether the hearing officer reached an arbitrary or incorrect result based on a review of the record before the hearing officer. The Library Board, through the Executive Director, will inform the employee of its findings and decision in writing within 10 working days of the Library Board meeting. A two-thirds vote of the Library Board shall be required to overturn the decision of the independent hearing officer. Absent such a supermajority vote, the decision of the independent hearing officer shall be affirmed. The decision of the Library Board shall be final and binding.
5. An employee may not file a grievance outside of the time limits set forth above. If the employee fails to meet the deadlines set forth above, the grievance will be considered resolved. If it is impossible to comply with the deadlines due to meeting notice requirements or meeting preparation, the grievance will be reviewed at the next possible meeting date. An employee will conduct all activities related to preparing the grievance, other than delivering the grievance to the appropriate person as described in the various steps above, during non-working hours and shall not otherwise be compensated for time spent in preparing their grievance. An employee shall not be permitted union representation at any stage in the grievance process.

ARTICLE IX. RULES AND REGULATIONS FOR LIBRARY EMPLOYEES

SECTION 9.01 RULES AND REGULATIONS GOVERNING EMPLOYEE USE OF LIBRARY COLLECTIONS

The Executive Director shall be responsible for developing and implementing procedures governing employees’ use of library collections. These procedures shall be consistent with the principles outlined in this policy.

- If an employee wants to take library material home, they must check it out at the Circulation Desk by the end of the day. If they owe any fines, they must pay them according to the policy. When an employee is renewing materials from a staff workstation, they must not use the override option if the item is not available for renewal. An employee must not modify the due date of any material. The Circulation Policy applies to all persons wishing to use RPL’s collections, and it allows no exceptions for library employees, their families, friends, or acquaintances.
  - This policy applies even if the material does not leave the library premises, and is kept in an employee’s locker or work area, as long as the possession of the material is intended for personal use.

- The following guidelines apply to employees removing material from the library shelves to be used for official library business on the library premises. The employee should use their department’s library card as opposed to their personal card when checking out items for library business. If the material is being used to provide Reference services, for the purpose of collection development, or for programming and will return the materials the same day, the employee is not required to check the materials out. If an employee anticipates they will need to keep the library materials at their work station for longer than a day, they should check the materials out using their department’s library card. Materials being sent to the Technical Services Department (TSD) for removal from the library’s collection need not be checked out prior to being sent to TSD.

- An employee may keep donated items in their work area for the length of time necessary to evaluate the items to determine if the items will be added to the library’s collection, at which time the items should promptly be sent to TSD. Items not being added to the library’s collection should be designated as to whether they will be discarded or donated.
to the Friends of the Library (FOL). Items donated to the FOL become the property of the FOL. Staff wishing to purchase these items should bring the items to the Circulation Desk and pay the current price for used books, as assigned by the FOL. Staff members are not to remove donated materials from the library’s premises prior to paying for them. Staff members are not to select donated materials for personal use until the items have been evaluated for their potential to be added to the library’s collections.

- No materials should be stored in a place which is not part of the regular workflow area without being properly identified in the catalog. All library materials must be kept within the routine workflow for those materials, unless they are properly checked out. No materials may be withheld from that workflow for any reason.

- While the library values a well-read and informed staff, knowledge gained as an employee should not be used to obtain an unfair advantage that negatively impacts a patron’s ability to access materials. This includes, but is not limited to:
  - Renewals
  - Fines
  - Checkout limits
  - Place in the hold queue
  - Blocks
  - Physical check-in of materials

- Employees’ library accounts are afforded the same privacy considerations as any member of the general public. However, if in the course of doing business, information is obtained regarding an employee’s abuse of their access to the library’s automated system, disciplinary action, up to and including termination, may result.

SECTION 9.02 RULES AND REGULATIONS GOVERNING EMPLOYEE USE OF SOCIAL MEDIA

The Executive Director shall be responsible for developing and implementing procedures governing employee use of social media. These procedures shall be consistent with the principles outlined in this policy.

- Social media is an emerging technology trend, such as Facebook, Pinterest, Twitter, Tumblr, Instagram, etc.
- Authorized users on behalf of the library must use their initials after a posting. The posts should be spell-checked and fact-checked so as not to reflect negatively on the library.
Current authorized users (due to their positions) are:

- Director
- Department Heads
- Marketing Assistant
- Digital Services and Innovation Coordinator

2 authorized backups from the Technology Team

- Use of smart phones, laptops, tablets, etc., to post on social media on behalf of the library is considered authorized use
- Collaboration with other local agencies and government organizations is in the best interest of the community. Promotion of each other’s events is encouraged
- Posts should be library-related and should promote libraries in general
- Incidental Use: The library understands that employees utilize social media and the web for personal matters in the modern workplace. While the library reserves the right to monitor use of its computer systems, employees may engage in incidental personal use of social media in the workplace so long as such use does not consume significant time or resources, interfere with operations and productivity, and does not violate other library policies

- Emerging technologies: Employees are encouraged to experiment with new technologies to promote library programs, resources and services; mistakes are expected when trying new technologies

Tier One Libraries

Staffing

Library staff are the library’s most valuable asset. All library staff:

• are able to explain library policies to the public
• are committed to the provision of excellent service
• are well trained in the procedures required by their positions
• have a general understanding of the history and development of library services
• project an image of competence and courtesy

In addition, public librarians must be able to:

• assess the needs of the community
• communicate and work effectively with other staff
• evaluate and measure the effectiveness of public library programs and services
• assist in library planning efforts
• assist in fundraising efforts
• select materials and provide guidance in the use of all library resources
• use current and emerging technologies
• work within the political and social structure of the community

The following standards relate to the staffing of public libraries:

14. The library has regular, paid, and qualified staff, trained to fulfill their job responsibilities. The library is staffed during all hours that the library is open.

15. The library employs paid staff at the number of Full-Time Equivalents (FTE) outlined in Appendix A (or B) [see below].
Forty (40) hours per week is set as the measure of full-time employment. To determine FTE of employees, take the total number of hours worked by all paid employees and divide by forty (40).

For example, a library with 70 hours of paid employees is considered to have 1.75 total FTE.

16. The library board adopts written job descriptions that include educational and experience requirements, work hours, and a written salary range and benefits for each position.

17. Staff are trained in emergency procedures and protocols.

18. Library staff, volunteers, and trustees are trained to uphold patron privacy and confidentiality.

19. Employee performance is evaluated annually by the director or supervisor.

20. The library board conducts a performance evaluation of the Executive Director annually.

Tier Two Libraries

Staffing

71. The library has a planned orientation program for new employees. The program introduces employees to the library's mission, philosophy, goals, and services, in addition to job responsibilities.

72. Library staff are trained in inclusive services and ability awareness, to serve all patrons and coworkers equitably.

Tier Three Libraries

Staffing

97. In addition to the director, key employees participate in continuing education and professional activities each year.

Calculating Service Population

NOTE: Any of these methods will produce a more accurate reflection of the library’s service population than the strict use of municipal population.

Use the Service Data Population

Since 2000, the service population reported in the annual Wisconsin Public Library Service Data is based on each library’s share of total circulation to county residents who do not live in a library community. For example, if the ABC Public Library accounts for 20 percent of the total circulation from libraries in the county to county residents who do not live in a library municipality, then 20 percent of the county
nonresident population is allocated to the ABC Public Library. This number is then added to the library’s municipal population to derive an estimate of the library’s total service population. This estimate should, in most cases, be a more accurate estimate of service population than estimates used in previous Service Data editions. However, libraries with significant usage by residents of other library communities and/or residents of other counties may wish to use one of the alternative methods discussed below.

Use System-wide Nonresident Usage Data
If nonresident use data is gathered on a system-wide basis in a multicounty system, an allocation of the system nonresident population can be made, based on the library’s share of the total system circulation to nonresidents. This variation has the advantage of rendering county boundaries within the system invisible.

Base Estimates on Local Circulation Patterns
A library also can examine resident borrowing as a proportion of total circulation and extrapolate a rough, circulation-based estimate of its overall service population. If residents and nonresidents can be assumed to borrow material at roughly the same rate per capita, and residents account for 85 percent of the library’s total circulation, then it can be said that residents also account for 85 percent of the total population. If the library’s municipal population is divided by the proportion of circulation transactions that go to residents, the result will be an estimate of the library’s total service population. For example, a library with 85 percent resident circulation and a municipal population of 7,500 will have a service population of 8,824 (7,500 ÷ 0.85 = 8,824).

Add the Population of Surrounding Unserved Areas
If, through the observation of nonresident use, the staff of a municipal library is aware that a majority of residents of an adjacent town or towns use the library, it may simply add the population of the town or towns to its municipal population.
