Native Pollinator Garden Coming Soon

Mission nearly accomplished! Our goal is to have the funding to bring 600 native plants to the library's new pollinator garden next week. [Want to help us buy plants for the garden?](#) A \$10 donation pays for two native plants and your name on the sponsorship sign.

The new garden will be planted in the circle of wood chips around our book drops outside the library, with the help of [Root-Pike Watershed Initiative Network](#). This project will support a healthy ecosystem for birds, butterflies and bees. Stay tuned for a chance to help us with planting!
