Renovation: Moving On Up

As construction continues on the second floor, more of the materials upstairs will need to be moved to accommodate. We apologize for any inconvenience. Please ask a [staff member](#) if you have trouble finding anything.

Fewer Public Computers

There will be fewer public computer stations while carpeting is placed throughout the building due to limited usable space. Remaining computers and the nearby staff service desk will move from the back corner of the second floor to the space across from the second-floor bathrooms. If computers are busy during your visit, you can check our [Beyond Books Collection](#) for laptop availability.

Relocating Collections

The Spanish and travel collections will shift to different places throughout the second floor. Graphic novels will also be relocated throughout the second floor, with most to be placed in front of the history room.

Voting Station

New Shirt Design!

There's a new shirt design available on the library's [online store](#). Take your pick of three colors: agave (pictured above), black and brick red. The shirt features a picture of a library pop-up at a fair from the 1920s.

More shirts and styles will be dropping tomorrow, so keep an eye out for more ways to show off your love for your library. We've also restocked our other shirts and have added new tote bags and water bottles. Your purchases support the Racine Public Library.
